# Cloud communications for a new world of business

Transform the way you do business by lowering IT and administrative costs, unifying all employees and sites, enabling employee mobility and ensuring business continuity.

**Cloud-based phone system** with hundreds of features and unlimited calling

**Company-wide chat and mobile applications**, including SMS messaging

**Video and audio conferencing** with web collaboration tools

**Optional contact center application** that provides inbound calling, queuing, routing, recording and analytics (ideal for up to 500 agents)

## Gartner.

## Why OfficeSuite UC?

OfficeSuite UC® is an award-winning Unified Communications as a Service (UCaaS) platform that combines business calls, faxes, messages and meetings in the cloud with unparalleled security. OfficeSuite UC offers a simple pay-as-you-go model with no heavy upfront investment that is ideal for businesses of all sizes, from small businesses all the way to enterprises of up to 20,000 users.

## One unified communications solution that meets all your needs

- Unifies all employees and sites within a single, centrally managed system

- Runs on the network of your choice (Kinetic Business or another provider)

- Enables anytime, anywhere access from any device

- Provides access to phone features such as calls, chat and SMS text messaging via a secure and fully hosted system

- Improves collaboration with OfficeSuite HD Meeting video conferencing

- Integrates with popular 3rd party applications via our standards-based API

- Offers a single pane of glass approach for admin management and end-user feature management

- Reduces reliance on help desk support

# Transform the way you do business

## Unify All Employees and Sites

- Leverage a single system for your entire organization

- Maximize business resources while eliminating expensive on-premises equipment

- Administer changes easily for every employee and location from a single online portal

- Leverage features and extension dialing across all locations

- Search and click-to-call colleagues within a single online directory

- Avoid the need for multiple user names and passwords with single sign-on

## Let Business Take Place Everywhere

- Increase productivity by enabling employees to work from anywhere

- Get business calls, faxes and emails on any device

- Meet face-to-face and collaborate on any project in real-time via video conference

- Access and manage everything you need securely online from anywhere

## Avoid Disasters and Ensure Business Continuity

- Secure everything in the cloud, not on the phone itself

- Reroute calls, set emergency overrides and access all communications features even if your physical location is unable to open

- Quickly and easily manage any feature or setting remotely

- Use any device to make calls, check voicemail, fax, chat or video conference

- Meet face-to-face and collaborate with clients in real time from anywhere
