

Fiber Internet

In today's digital environment, your Internet connection is the backbone of your business – powering everything from your voice services to your payment processing. Bandwidth needs are increasing by the day and will continue to do so.

Kinetic Business Class Fiber Internet provides the ultimate in speed and reliability. Speeds up to One Gig are delivered via the most current Internet technology – our highly-reliable fiber connections. We have speed options, including access to symmetrical upload and download speeds, that can power your business needs today and expand to meet the needs of tomorrow.

You need a future-proof Internet connection that can expand as your bandwidth needs grow.

Features:

- Speeds up to One Gig
- Symmetrical upload/download speed options
- Highly reliable, future-proof technology
- No data caps
- Static IP addresses available
- 24/7 dedicated business support
- 30-day satisfaction guarantee

Benefits:

- Connect multiple devices without sacrificing speed
- Faster credit card processing
- Quicker uploads and downloads for email and file sharing
- Improves cloud application performance
- Enables high-quality voice and conferencing services
- Scalable for future business growth

business
by windstream.

Kinetic Internet. Kinetic cannot guarantee upload or download speeds or uninterrupted, error-free service. Speed availability, capabilities, and provisioning vary depending on several factors: network and terrain conditions; Internet, website, or network congestion; effect of wi-fi use; number of concurrent users; device limitations; and customer location. Speeds 25 Mbps and above may be provisioned in a range including a minimum and maximum speed. Kinetic will provision customer's location for the fastest speed within the available range, but may be less than the maximum. © 2022 Windstream Intellectual Property Services, LLC.
