

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

Notice Date: March 16, 2023

Subject: Switch Decommission, Switch Power Down

Carrier: Windstream Iowa Communications, LLC
4001 North Rodney Parham Road
Little Rock, AR 72212

Notice ID: Network Change Notice SD Iowa 007

Contact: For additional information on the planned network changes, please contact:
James Seegar
Windstream
1720 Galleria Blvd, Charlotte, NC 28270
704-845-7466 or 704-728-2272
James.Seegar@windstream.com

Change Effective Date: On or after, September 16, 2023

Planned Network Change(s) will occur at the following locations in Iowa:

| Windstream Central Office | Address | CLLI | Point Code |
|---------------------------|---------------------------------|-------------|-------------|
| Harlan, IA DMS10 Switch | 708 Durant St, Harlan, IA 51537 | HRLNIAXTDS0 | 234-148-125 |
| Harlan, IA Meta Switch | 708 Durant St, Harlan, IA 51537 | HRLNIAXTPS0 | 234-148-025 |

Additional Details:

Description of the Planned Network Change(s):

The DMS switch, located at 708 Durant St, Harlan, IA 51537, will be decommissioned, powered down, and removed from Windstream's network as a result of network modernization and consolidation. All traffic will need to be routed to the HRLNIAXTPS0 Meta Switch, located at 708 Durant St, Harlan, IA 51537.

Windstream HRLNIAXTDS0 A-Block of 715-755 is being moved to HRLNIAXTPS0.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the HRLNIAXTPSO Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the HRLNIAXTDS0 DMS switch will be required to reposition the codes to the HRLNIAXTPSO Meta Switch.

All ASRs for the HRLNIAXTPSO Meta Switch must be received no later than July 16, 2023, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the HRLNIAXTDS0 DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the HRLNIAXTDS0 DMS switch (on or after July 17, 2023). This will serve to guide interconnect re-routes of Windstream traffic for native codes currently served by the HRLNIAXTDS0 DMS switch to reflect the HRLNIAXTPSO Meta Switch as the new home switch. All ASRs for the HRLNIAXTPSO Meta Switch must carry the project code of HRLNIAXTPSO.
