

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

July 30, 2022

Subject: Switch Decommission, Switch Power Down

Notice ID: Network Change Notice SD Missouri 003

Carrier: Windstream Missouri, LLC
4001 North Rodney Parham Road
Little Rock, AR 72212

Contact: For additional information on the planned network changes, please contact:
James Seegar
Windstream
1720 Galleria Blvd, Charlotte, NC 28270
704-845-7466 or 704-728-2272
James.Seegar@windstream.com

Change Effective Date: On or after, January 30, 2023

Planned Network Change(s) will occur at the following locations in Missouri:

Windstream Central Office	Address	CLLI
Myrtle, MO DMS10	0 Rt 1 Box 1187A, Myrtle, MO 65778	MYRTMOXADS0
Myrtle, MO Meta	0 Rt 1 Box 1187A, Myrtle, MO 65778	MYRTMOXARP0

Website Link to Notice Posting: <https://www.windstream.com/about-windstream/legal/network-change-notifications> (Select State: Missouri)

Additional Details:

Description of the Planned Network Change(s):

The DMS10 switch, located at 0 Rt 1 Box 1187A, Myrtle, MO 65778, will be decommissioned, powered down, and removed from Windstream’s network as a result of network modernization and consolidation. All traffic will need to be routed to the MYRTMOXARP0 Meta Switch, located at 0 Rt 1 Box 1187A, Myrtle, MO 65778. In addition, Windstream Myrtle A-Block of 417-938 is also being moved to MYRTMOXARP0.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the MYRTMOXARP0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code

holders for access connectivity in the Myrtle, MO DMS10 switch will be required to reposition the codes to the MYRTMOXARP0 Meta Switch.

All ASRs for the MYRTMOXARP0 Meta Switch must be received no later than November 30, 2022 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Myrtle, MO DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Myrtle, MO DMS10 switch (on or after December 1, 2022). This will serve to guide interconnect re-routes of Windstream traffic for native code currently served by the Myrtle, MO DMS10 switch to reflect the MYRTMOXARP0 Meta Switch as the new home switch. All ASRs for the MYRTMOXARP0 Meta Switch must carry the project code of MYRTMOXARP0.
