

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

August 23, 2022

Subject: Switch Decommission, Switch Power Down

Notice ID: Network Change Notice SD Oklahoma 002 (Revised)

Carrier: Valor Telecommunications of Texas, LLC
d/b/a Windstream Communications Southwest
4001 North Rodney Parham Road, Little Rock, AR 72212

Contact: For additional information on the planned network changes, please contact:

James Seegar
Windstream
1720 Galleria Blvd, Charlotte, NC 28270
704-845-7466 or 704-728-2272
James.Seegar@windstream.com

Change Effective Date: On or after February 23, 2023

Planned Network Change(s) will occur at the following locations in Oklahoma:

Windstream Central Office	Address	CLLI
Kaw City, OK DMS10	500 Washunga Dr, Kaw City, OK 74641	KWCYOKXARP0
Kaw City, OK Meta Switch	500 Washunga Dr, Kaw City, OK 74641	KWCYOKXAPS0

Website Link to Notice Posting: <https://www.windstream.com/about-windstream/legal/network-change-notifications> (Select State: Oklahoma)

Additional Details:

Description of the Planned Network Change(s):

The DMS10 switch, located at 500 Washunga Dr, Kaw City, OK 74641, will be decommissioned, powered down, and removed from Windstream's network as a result of network modernization and consolidation. All traffic will need to be routed to the KWCYOKXAPS0 Meta Switch, located at 500 Washunga Dr, Kaw City, OK 74641. Kaw City OK 580-269 A-Records and all blocks are moving to KWCYOKXAPS0.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the KWCYOKXAPS0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Kaw City, OK DMS10 switch will be required to reposition the codes to the KWCYOKXAPS0 Meta Switch.

All ASRs for the KWCYOKXAPS0 Meta Switch must be received no later than December 23, 2022 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Kaw City, OK DMS10 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Kaw City, OK DMS10 switch (on or after December 24, 2022). This will serve to guide interconnect re-routes of Windstream traffic for native code currently served by the Kaw City, OK DMS10 switch to reflect the KWCYOKXAPS0 Meta Switch as the new home switch. All ASRs for the KWCYOKXAPS0 Meta Switch must carry the project code of KWCYOKXAPS0.
