

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

December 27, 2021

Subject: Switch Decommission, Switch Power Down

Notice ID: Network Change Notice SD Texas 001 Version 2

Carrier: Valor Telecommunications of Texas, LLC
d/b/a Windstream Communications Southwest
4001 North Rodney Parham Road, Little Rock, AR 72212

Contact: For additional information on the planned network changes, please contact:
James Seegar
Windstream
1720 Galleria Blvd, Charlotte, NC 28270
704-845-7466 or 704-728-2272
James.Seegar@windstream.com

Change Effective Date: On or after June 27, 2022

Planned Network Change(s) will occur at the following locations in Texas:

Windstream Central Office	Address	CLLI
Mobeetie, TX DCO Switch	105 S Wheeler St, Mobeetie, TX 79061	MBTETXXADS0
Mobeetie, TX Meta Switch	105 S Wheeler St, Mobeetie, TX 79061	MBTETXXAPS0
White Deer, Texas Remote Switch	401 S Main St, White Deer, TX 79097	WHDRTXXARS0
White Deer, Texas Meta Switch	401 S Main St, White Deer, TX 79097	WHDRTXXARP0

Additional Details:

Description of the Planned Network Change(s):

The DCO switch, located at 105 S Wheeler St, Mobeetie, TX 79061, will be decommissioned, powered down, and removed from Windstream's network as a result of network modernization and consolidation. All traffic will need to be routed to the MBTETXXAPS0 Meta Switch. Windstream Mobeetie A-Block of 806-845 is being moved to MBTETXXAPS0. This includes remote site White Deer 806-883 WHDRTXXARS0 to WHDRTXXARP0.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the MBTETXXAPS0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Mobeetie, TX DCO switch will be required to reposition the codes to the MBTETXXAPS0 Meta Switch.

All ASRs for the MBTETXXAPS0 Meta Switch must be received no later than April 27, 2022 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Mobeetie, TX DCO switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Mobeetie, TX DCO switch (on or after May 1, 2022). This will serve to guide interconnect re-routes of Windstream traffic for two (2) native codes currently served by the Mobeetie, TX DCO switch to reflect the MBTETXXAPS0 Meta Switch as the new home switch. All ASRs for the MBTETXXAPS0 Meta Switch must carry the project code of MBTETXXAPS0.
