DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Certain terms used generally throughout this Price List, particularly those for specialized common carrier communications channels furnished by the Company over its facilities, are defined below:

Access Code - A sequence of numbers that, when dialed, connect the caller to the provider of services associated with that sequence of numbers.

Access Line - An arrangement which connects the customer's location to a Company network switching center.

Authorization Code - A numerical code, one or more of which may be assigned to a Customer, to enable the Company to identify the origin of the Service User for security and/or billing purposes. All Authorization Codes shall be the sole property of the Company and no customer shall have any property or other right or interest in the use of any particular Authorization Code. Automatic Number Identification ("ANI") may be used as or in connection with the Authorization Code.

Automatic Number Identification (ANI) - a sequence of numbers provided by a local exchange telephone company that automatically identifies the local exchange line from which a call originates.

Authorized User - A person or entity that accesses the Company's Services. An Authorized User is responsible for compliance with this Price List.

Common Carrier - A company or entity providing telecommunication services to the public.

Credit Card Calls (Calling Card Calls) - A Direct Dialed or Operator Assisted call for which charges are billed not to the originating telephone number, but to a credit card, such as a Visa or MasterCard, or a LEC or interexchange carrier calling card.

Company or Carrier – DeltaCom, LLC d/b/a EarthLink Business f/k/a DeltaCom, Inc. d/b/a EarthLink Business f/k/a ITC^DeltaCom Communications, Inc., f/k/a DeltaCom Long Distance Services and f/k/a Grapevine, unless the context means otherwise.

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (CONT'D.)

Customer - The term "Customer" denotes the person, firm, corporation or other entity which orders or uses Service(s) and is responsible for the payment of charges and for compliance with this Price List. A business customer is a telephone company subscriber whose use of such telephone company service is primarily or substantially of a business, professional, institutional or otherwise occupational nature, or where the listing required is such as to indicate business use, and is therefore charged business rates for basic telephone service. A residence customer is a telephone company subscriber whose use of such telephone company service is of a domestic nature, and not substantially of an occupational nature, and who is therefore charged residence rates for basic telephone service.

Customer Dialed Calling Card Call - A Calling Card call that does not require intervention by an attended operator position to complete.

Customer Provided Facilities - The term "Customer Provided Facilities" denotes all communications facilities provided by the Customer and/or Authorized User other than those provided by the Company.

Direct Dialed Call - An interstate telephone call that is automatically completed and billed to the telephone number from which the call originated without the automatic or live assistance of an operator. This includes calls forwarded by call forwarding equipment.

Equal Access - The term "Equal Access" has the meaning given that term in the Appendix B of the Modification of Final Judgment entered August 24, 1982, in *United States v. Western Electric*, Civil Action No. 82-0192 (United States District Court, District of Columbia), as amended by the Court in its orders issued prior to October 17, 1990.

FCC - The Federal Communications Commission

Holidays - Holidays observed: New Years Day, Independence Day, Labor Day, Thanksgiving and Christmas. The respective "Evening Rate Period" rates are used for holidays unless a lower rate would normally apply.

Initial Term - The original term of a Service provided under an Agreement for Service (AFS) which can be one (1), two (2), three (3) or four (4) years as initially agreed to by the Customer.

Local Exchange Carrier (LEC) - The term "Local Exchange Carrier" denotes any telephone company that has been granted a Certificate of Public Convenience and Necessity by a State Commission that provides local telephone service to customers within a defined exchange.

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (CONT'D.)

Measured Charge - A charge assessed on a per minute or less incremental basis in calculating a portion of the charges due for a completed call.

National - The term "National" denotes the geographical area consisting of the Continental United States, Alaska, Hawaii, Puerto Rico, the U.S. Virgin Islands, Guam and the Commonwealth of the Northern Mariana Islands (CNMI).

Operator Assisted Call - A telephone connection completed through the use of the Company's Operator Services.

Operator Services - Any telecommunication Service initiated from a Customer location that includes, as a component, any automatic or live assistance to a Customer or its Authorized User to arrange for billing or completion, or both, of a telephone call through a method other than:

- (i) automatic completion with billing to the telephone from which the call originated; or
- (ii) completion through an access code used by an Authorized User, with billing to an account previously established with a carrier by the Authorized User.

Operator Service Charge - a non-measured (fixed) charge that is added to a measured charge in calculating the total price guide charges due for a completed Operator Assisted call.

Operator Station Calls - An Operator Assisted call wherein the person originating the call is assisted by an operator but does not specify connection to a particular person, department or extension.

Other Common Carrier - The term "Other Common Carrier" denotes a common carrier, other than the Company, providing telecommunications services to the public.

Person-to-Person Calls - An Operator Assisted call that is placed under the stipulation that the caller will speak only to a specified called party, a specified extension or office. Such a call is not completed until either the specific party named by the caller is contacted, or the caller agrees to speak to a different party. The caller must arrange with the operator to make a Person-to-Person call; otherwise, all Operator Assisted calls will be treated as Operator Station calls.

Personal Identification Numbers (PINs) - Code numbers used in connection with designated telephone numbers that allow calls to be categorized for various applications.

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (CONT'D.)

Provider of Operator Services - Any common carrier that provides operator services or any other person determined by the Federal Communications Commission to be providing operator services.

Point of Presence - The term "Point of Presence" denotes the sites(s) where the Company provides a network interface with facilities provided by Other Common Carriers, Local Exchange Carriers or Customers for access to the Company's network configuration.

Premises - The term "Premises" denotes a building or buildings on contiguous property (except railroad right-of- ways, etc.) not separated by a public highway.

Renewal Term - Any subsequent term of one (1) year effective when the Initial Term, or previous Renewal Term, expires.

Responsible Organization (RespOrg) – The long distance company responsible for managing and administering the toll subscriber's records in the 800 Service Management System (SMS/800). The SMS/800 only recognized one RespOrg for each 800 number. Management and record administration consists of data entry, changing records, accepting trouble reports and referring and/or clearing associated documents.

Services - Voice and/or data telecommunication Services provided to a Customer or Authorized User by the Company.

Subscriber - Unless otherwise provided herein, the term "Subscriber" denotes a customer of the Company.

Telecommunication Services - The transmission of voice communications or, subject to the transmission capabilities of the Service, the transmission of data, facsimile, signaling, metering, or any other form of intelligence.

Third-Party Calls - An Operator Assisted call for which charges are billed not to the originating number, but to a third party telephone number that is neither the originating nor the terminating telephone number.

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 3 – DESCRIPTION OF SERVICE

3.1 General

3.1.2 Timing of Calls

Unless otherwise specified for a particular service, charges for service will be based on the number of minutes of Service used by Customer, time of day at which the Service is used, and the distance between the origination and termination points of the call.

For the purpose of computing charges, a call begins at the time that the hardware or software answer supervision indicates that the call has been answered at the distant end, and terminates when you hang up. Applicable usage charges apply for all calls that are answered regardless of the length of the calls. In addition, applicable usage charges apply whenever the calling party does not hang up at least sixty (60) seconds after completion of dialing regardless of whether the call has been answered.

Unless otherwise specified for a particular service, (a) the minimum charge for any call is the applicable rate for one minute; and (b) calls will be billed in one-minute increments, with any fractional portion of a minute rounded up to the next full minute. The initial and each additional billing increment is specified for each service described in Section 3.

For the computation of charges, the duration of each call is measured and rounded up to the applicable billing increment, then multiplied by the applicable rate and if the computed charge for any individual call results in a fraction of a cent, the fraction is then rounded up to the next whole cent on a per call basis. For example, a service may provide that each call will be charged a minimum of eighteen (18) seconds and thereafter timed in six (6) second increments; therefore, under this example, a ten (10) second call will be rounded up to eighteen (18) seconds (0.3 minutes), and a forty-four (44) second call will be rounded up to forty-eight (48) seconds (0.8 minutes). If, after multiplying the billing increment by the applicable rate, the computed charge for an individual call results in a fraction of a cent, the fraction is rounded up to the next whole cent (for example, \$1.523 would round up to \$1.53). Once the charge for each call is computed as described above, the calls are summed on the Customer's invoice.

Calls will be billed at the rate in effect during the call, with two rates applied if the call spans over more than one billing rate period.

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.1 General (Cont'd.)

3.1.3 Calculation of Distance

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by BellCore (Bell Communications Research) and on file with the FCC in AT&T Tariff FCC No.10, in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Issued By: Senior Regulatory Counsel

Effective Date: January 17, 2018

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.1 General (Cont'd.)

3.1.3 Calculation of Distance (Cont'd.)

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and the "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

Issued under authority of Special Permission No. 96-664, granted August 19, 1996.

3.1.4 Minimum Call Completion Rate

A Customer can expect a call completion rate (number of calls completed / number of calls attempted) of not less than 99% during peak use periods for all services.

Issued By: Senior Regulatory Counsel

Effective Date: January 17, 2018

DOMESTIC INTERSTATE TELECOMMUNICATIONS

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.2 Aspect Option D

Aspect Option D is intended only for new Customers. However, a current Customer may convert their current service to Aspect Option D if one of the following conditions applies:

- If the Customer chooses to convert their service within the initial 90 days of their current term, if the Customer agrees to enter into a new term agreement, equal to or of greater length than, their present term agreement;
- If the Customer's present term is within six (6) months of expiration;
- If the Customer has not entered into a term agreement; or
- If the Customer is adding multiple locations and/or new products that will result in an increase in the existing account by 50% or more, and the Customer enters into a new term of equal or greater length than their present term.

Conversions will occur only at the Customer's bill cycle.

All Aspect Option D calls are rated based on flat rates and duration of the call. Calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call. Service rates are the same for inbound and outbound calls, but may be different for switched or dedicated access. Term discounts are available to Customers who choose to enter into a term agreement for a period of 1, 2, or 3 years. Discounts available to the Customer for the term periods listed are 5%, 7%, and 10%, respectively, of their total monthly usage.

There is no minimum usage requirement for Customers who do not enter into a term agreement. Should the Customer choose to enter into a term agreement, an "Annual Usage Commitment", as described in Section 2.12, will apply. The Annual Usage Commitment is used in the calculation of the Discontinuance Charge, as described in Section 2, for early termination of an Initial Term or Renewal Term.

Monthly recurring charges apply for each toll free number and installation charges apply for dedicated access services. Data circuits require a minimum 1 year term agreement. A surcharge applies for calling card calls.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.3 Delta Private Line Service

This service is offered when, in the judgment of the company, adequate and appropriate facilities are available and consists of provision of an interstate dedicated access channel suitable for analog voice or digital data communications between and/or among the Company's point of presence (POP). Charges include an installation charge and a monthly recurring charge based on the airline distance between the points of presence.

The Company may also provide to the subscriber, when interstate services are provided as stated above, and incidental to the provision of those services, access channels between the subscriber's premises and any other point not served by a Company point of presence at rates identical to the rates of the exchange carrier or carriers providing the service. Access will be provided to the subscriber on this same reimbursement rate basis for the channels connecting the subscriber premises to the Company point of presence on both the originating and terminating ends.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.4 Operator Service

Operator Service is provided on a per call service charge basis. In addition to the per call service charge, applicable usage rates apply. This operator service is available on a 24 hour per day, seven day per week basis, on calls originated from exchanges served by the Company.

The Customer may select from the special call handling and billing arrangements specified below. Calls rates and charges and applicable service charges will be assessed to the call originator, the called party's telephone number or a third party's telephone number, based upon the call type (i.e., operator dialed, collect, third number billed, or credit card billed) initiated by the call originator and the appropriate acknowledgment of other parties, where applicable.

- Station to Station
- Person to Person
- Third Number Billed
- Credit Card Billed
 - automated
 - operator assisted

3.4.1 Operator Services are accessed through dialing arrangements as specified below:

- A. In "Feature Group D" equal access exchanges where the Customer has chosen the Company as its primary interexchange carrier, the Customer dials "00" to access the Company's Operator Service.
- B. In Exchange areas where non-equal access facilities are provided, the Customer may access the Company's Operator Service by dialing a 1-800 number plus the digit "0".
- C. In instance where the Customer accesses the Company's network via dedicated facilities, Operator Service may be accessed by dialing "0" over the dedicated line.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.5 Directory Assistance

Directory Assistance provides the calling party with the ability to obtain name, address and/or telephone number for a listed telephone subscriber. Directory Assistance is reached by dialing 1 + area code + 555-1212. Up to two subscriber listings, within the area code dialed may be obtained on each call to Directory Assistance. A Directory Assistance charge will be applicable for each Directory Assistance call whether or not the subscriber information was available (e.g., when requested telephone number is unlisted, non-published or no record can be found).

A credit will be given for calls to Directory Assistance when:

- the Customer is unable to use a telephone directory because of visual or physical handicap; however, must be for personal use and billed to the handicapped Customer's residential telephone number,
- the Customer experiences poor transmission or is cut-off during the call,
- the Customer is given an incorrect telephone number, or
- the Customer inadvertently misdials (e.g. the caller dialed 1-205-555-1212 when they intended to dial 1-202-555-1212).

Customers may receive credit by notifying the Company's business office.

3.5.1 Directory Assistance Call Completion

Directory Assistance Call Completion (DACC) is an optional service available for business and residential Customers accessing the Company's Directory Assistance Service. Directory Assistance Customers may choose to have the Company Directory Assistance Operator complete the call to the telephone number requested without requiring the Customer to redial the number. A Directory Assistance Call Completion Surcharge will apply whether or not the call is answered by the called party or the calling party receives a busy signal. These charges are in addition to the Directory Assistance charge for determining the telephone number requested by the Customer and in addition to any applicable Operator Service charges associated with placing the call.

This service is available where facilities permit and may not be available to all Customers.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.7 Enhanced Toll Free Service Features

The following features may be obtained as an enhancement to Toll Free Services described within this Price List. The rates for the following features shall be in lieu of the subscriber's rates for toll free service.

3.7.1 Enhanced Toll Free Routing Package

Enhanced Toll Free Package provides customers with the following features, as described below: Time of Day Routing, Holiday Routing, Point of Origination Routing, Toll Free Blocking and Percent Allocation. These features can be used if the Customer subscribes to the Enhanced Toll Free Routing Package, or purchased a la carte, as defined below. The monthly recurring, and installation charges apply per toll free number, regardless of the number of features ordered. Change charges apply for each subsequent change request in routing.

A. Time of Day Routing

This feature permits the toll free subscriber to arrange for calls to a single toll free service number to be routed to different locations based on a Customer-defined time of day. The number of time of day routing schedules are subject to the Company's capacity to process and store routing schedules. The monthly recurring and installation charges apply per toll free number. Change charges apply for each subsequent change request in routing.

B. Day of Week Routing

This feature permits the toll free subscriber to arrange for calls to a single toll free number to be routed to different locations based on the particular day of the week. The subscriber can establish a different routing arrangement for each day of the week, with a maximum of seven unique routing schemes. The monthly recurring and installation charges apply per toll free number. Change charges apply for each subsequent change request in routing.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.7 Enhanced Toll Free Service Features (Cont'd.)

3.7.1 Enhanced Toll Free Routing Package (Cont'd.)

C. Holiday Routing

This feature permits the toll free subscriber to arrange for calls to a single toll free number to be routed to different location based on a holiday schedule or a particular day of the year. The subscriber can establish holiday routing using a Company pre-determined listing of federal or business holidays. The subscriber is allowed three day of year entries. The monthly recurring and installation charges apply per toll free number. Change charges apply for each subsequent change request in routing.

D. Point of Origination Routing

This feature permits the toll free subscriber to arrange for calls to a single toll free number to be routed to different location based on the origination of the caller. The subscriber can establish point of origination routing using a Company most commonly used serving area index, or by identifying specific area codes (NPA) and exchanges (NXX). The monthly recurring and installation charges apply per toll free number. Change charges apply for each subsequent change request in routing.

E. Toll Free Blocking

This feature permits the toll free subscriber to arrange for calls to a single toll free number to be blocked based on the origination of the caller. The subscriber can establish toll free blocking using a Company most commonly used serving area index, or by identifying specific area codes (NPA) and exchanges (NXX). The monthly recurring, and installation charges apply per toll free number. Change charges apply for each subsequent change request in routing.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.7 Enhanced Toll Free Service Features (Cont'd.)

3.7.1 Enhanced Toll Free Routing Package (Cont'd.)

F. Percent Allocation

This feature permits the toll free subscriber to arrange for calls to a single toll free number to route various percentages of calls to two or more locations. The subscriber must establish a call allocation pattern where each percentage is a whole number and the total allocation equals 100 percent. The monthly recurring and installation charge apply per toll free number. Change charges apply for each subsequent change request in routing.

3.7.2 Toll Free with Call Completion

This feature permits the toll free subscriber to play pre-recorded audio messages to callers informing them of specific business conditions. The subscriber has four pre-recorded audio messages to choose from. The installation charge and monthly recurring charge applies to these pre-recorded messages. Customization of these audio messages (including foreign languages) will incur an additional Customized Announcement Creation installation charge.

3.7.3 Toll Free with Route Advance

This feature permits the dedicated toll free subscriber to control potential congestion of toll free calls by sending the overflow calls from one dedicated line to a switched line or from one dedicated line to another dedicated line, allowing for maximum completion of incoming toll free calls. The subscriber can route advance a call to a maximum of five alternate locations. Installation, monthly recurring and change charge apply.

3.7.4 Toll Free with DNIS Delivery

This feature permits a dedicated toll free subscriber with multiple toll free numbers terminating in the same location to identify the specific toll free number dialed by the calling party. Both installation and change charges apply. Change charges apply for subsequent changes in routing, after the initial service has been installed.

3.7 Enhanced Toll Free Service Features (Cont'd.)

3.7.5 Toll Free with Real Time ANI Delivery

Real time Automatic Number Identification (ANI) service is a dedicated toll free feature which identifies the calling party's telephone number to the Inbound Toll Free subscriber, provided the terminating subscriber's Inbound Toll Free equipment is appropriately equipped and compatible to receive ANI from the company. A per call delivered charge is assessed for Real Time ANI delivery. Change charges apply for each subsequent change to the initial service installation.

3.7.6 Toll Free with Menu-Prompted Routing

This feature permits the toll free subscriber to route calls based on the number dialed by the caller. Menu-Prompted Routing is a network-based voice response system that instructs the call to dial a key to be directed to the location of choice. The audio message that provided caller instructions are customizable. The subscriber can create up to three levels of voice response processing. Both installation and monthly recurring charges apply. Change charges apply for each subsequent change to the initial service installation.

3.11 T LD Plan

T LD Plan is a business service available to new Customers who subscribe to the T-PAC, T-PAC Remote, Simpli-T, Simpli-T 3.0, Simpli-T PRI, Simpli-T Plus, Simpli-Business T family of services, Simpli-Business PRI, Simpli-Business PRI v.3, IVP, DVP and existing Customers who subscribe to the DUNE and Unity local products, found in the Company's applicable state local tariffs or price guides. T LD Plan rates are based on flat rates and duration of the call. Direct dialed domestic inbound/outbound long distance calls as well as calling card calls are timed in 6-second increments after the initial 18 seconds of the call. T-PAC, T-PAC Remote, Simpli-T, Simpli-T 3.0, Simpli-T PRI, Simpli-T Plus, Simpli-Business T family of services, Simpli-Business PRI, Simpli-Business PRI v.3, IVP, DVP and DUNE local Customers will receive 100 free long distance minutes per voice line or voice channel enabled and Unity local Customers will receive 2400 free long distance minutes (total, including intrastate, interstate, outbound and inbound minutes) per T-1, per account per month, aggregated across all T-1 active channels. Unused free minutes do not carry over to the next month. The applicable rates per minute, as set forth in the Rates Section of this Price List, do not apply to international, operator services, or directory assistance charges.

If at any time a T LD Plan Customer cancels local service with the Company, the Customer will be automatically converted to the Company's Business Connections long distance rates.

T LD Plan requires no term agreement. However, upon cancellation, the Customer will be responsible for payment of all accrued charges for usage to date. All Customer notices of discontinuance must be received by the Company sixty (60) days prior to the discontinuance becoming effective in accordance with Section 2.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.12 EZ LD Switched Long Distance

EZ LD Switched Long Distance is a direct dialed outbound and inbound long distance service designed for Business Customers located in BellSouth ILEC territories whose monthly billed intrastate outbound and inbound usage is less than 60% of the Customer's total outbound and inbound long distance usage. The product is marketed to new Customers or current Customers who are adding stand alone long distance locations to their accounts and meet the above eligibility requirement. This product is not available for subscription by Customers on lines with local service provided by another Competitive Local Exchange Carrier (CLEC). Additionally, unless offered in conjunction with a promotional offering, this product is not available for subscription on lines with local service provided by the Company.

In the event Customer's intrastate outbound and inbound long distance usage rises above 60% of total outbound and inbound long distance usage during a monthly billing cycle, the Company reserves the right to offer the Customer an alternate long distance product or terminate service.

A monthly fee, dependent upon the Customer's commitment to a monthly long distance usage volume level as defined the Rates Section of this Price List, applies for this service. This fee is independent of the volume level commitments and is not included in the calculation used to reach the commitment amount. Although no term commitment is required, the Monthly Fee is waived for those Customers who sign a one-year term agreement. No additional discounts will be applied to the published rates.

The volume level commitment is based on total usage charges during a monthly billing period. Eligible usage includes Customer's outbound, inbound, international, calling card and directory assistance charges originating or terminating to telephone numbers utilizing BellSouth as the local service provider and established on one of the EZ LD Switched Long Distance options.

No other charges, including taxes and the monthly fee, if applicable, will be eligible in attaining the commitment. If the total monthly usage does not meet the minimum volume commitment level, the Customer will be billed an amount that will meet the minimum volume commitment level. The amount will appear as a separate line item on the Customer's bill and will be identified as "Volume Level Shortfall Amount." Taxes and surcharges apply to the Volume Level Shortfall Amount. Customers with multiple locations and/or multiple accounts in a group account will be evaluated on an individual account basis.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.12 EZ LD Switched Long Distance (Cont'd.)

Discontinuance provisions apply as set forth in Section 2, except that, in place of the Annual Usage Commitment Level in the Discontinuance Charge calculation, Customers who sign a term agreement will be charged an amount equal to the monthly volume level commitment amount multiplied by the number of months remaining in the term, on a per-location basis. This discontinuance penalty applies at the time of cancellation regardless of amounts paid in excess of previous months' volume level commitment. In addition, the Company will seek repayment of all monthly and non-recurring fees waived through the date of cancellation. In the event Customer is unable to continue to meet the percentage usage requirements for this product and service is terminated by the Company, no discontinuance charges will be assessed. If a Customer chooses to transfer service to an alternate product and service is subsequently terminated, Discontinuance Charges will apply under the new product. All Customer notices of discontinuance must be received by the Company sixty (60) days prior to the discontinuance becoming effective.

Calls are billed in six (6) second increments following an initial billing period of eighteen (18) seconds. Interstate and international service is offered only in conjunction with subscription to EZ LD Switched Long Distance intrastate service.

3.13 EZ LD Dedicated Long Distance

EZ LD Dedicated Long Distance is a direct dialed outbound and inbound long distance service designed for Business Customers whose monthly billed intrastate outbound and inbound usage is less than 60% of the Customer's total outbound and inbound long distance usage. The product is marketed to new Customers or current Customers who are adding stand alone long distance locations to their accounts in areas where the Company can deliver dedicated T-1 loops and meet the above eligibility requirement. Unless offered in conjunction with a promotional offering, this product is not available for subscription on lines with local service provided by the Company.

A minimum one-year term agreement is required for this service. In the event Customer's intrastate outbound and inbound long distance usage rises above 60% of total outbound and inbound long distance usage during a monthly billing cycle, the Company reserves the right to offer a Customer an alternate long distance product or terminate service.

3.13 EZ LD Dedicated Long Distance (Cont'd.)

The volume level commitment is based on total usage charges during a monthly billing period. Eligible usage includes Customer's outbound, inbound, international, calling card and directory assistance charges originating or terminating to telephone numbers established on the dedicated T-1 and subscribed to one of the Options listed in the Rates Section of this Price List. No other charges, including taxes, will be eligible in attaining the commitment. If the total monthly usage does not meet the minimum volume commitment level, the Customer will be billed an amount that will meet the minimum volume commitment level. The amount will appear as a separate line item on the Customer's bill and will be identified as "Volume Level Shortfall Amount." Taxes and surcharges apply to the Volume Level Shortfall Amount. Customers with multiple locations and/or multiple accounts in a group account will be evaluated on an individual account basis.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.14 SimpliVoice Unlimited Long Distance

SimpliVoice Unlimited Long Distance is a direct dialed outbound and inbound long distance service offered only in conjunction with the SimpliVoice local bundled product. The SimpliVoice Unlimited Long Distance plan provides the Customer with unlimited minutes of long distance usage for a flat rate monthly charge (certain restrictions apply as outlined below). Unused minutes will not roll over to the next month. This service is not offered on an intraLATA only basis, and is not offered as a stand-alone service. All lines in a single account must have this product in order to realize the full benefits. A monthly fee per line, as defined the Rates Section of this Price List, applies for this service. No additional discounts will be applied to the published rates.

SimpliVoice Unlimited rates are based on flat rates and duration of the call. Domestic Inbound/Outbound long distance calls are timed in six (6) second increments after the initial thirty (30) seconds of the call. The rate per minute is not applicable to international, calling card, operator services, directory assistance charges, multi-part conference calls, calls to 900, 976, 700 numbers, calls to access information services, and toll free calling. Eligible unlimited usage includes Customer's domestic outbound, inter and intraLATA long distance calls. Inbound, international, calling card, Directory Assistance, and Operator Services are not eligible.

This service cannot be used to place calls to online services, Internet access, and broadcast facsimile services. This service cannot be used for call center or auto-dialer applications. This service shall not be used by businesses that aggregate end user traffic.

If the Company determines that the Customer's total long distance plan usage is excessive, the Customer may be subject to an additional rate per minute charge per month for which the usage was excessive. For the purpose of this plan, excessive usage is defined as total plan usage per account that exceeds ten (10) times the Company's average usage for all Customers subscribing to this same plan. In the alternative, at the Company's sole discretion, the Customer may be required to change to another calling plan.

SimpliVoice Unlimited LD requires no term agreement. However, Customers who enter into a term agreement may incur a Discontinuance Charge, for early termination of an Initial Term or Renewal Term.

One monthly recurring fee will apply for subscription to both long distance and local service; however, the fee can be waived if the Customer subscribes to on-line billing through the Company's free eBillMaster billing service.

If a SimpliVoice Unlimited LD Customer cancels local service with the Company, at any time, they will be converted to EZ LD Switched long distance rates.

Unused free minutes do not carry over to the next month. Calling card, International, Directory Assistance, and Operator Services minutes do not qualify for free minutes. Customers who have multiple locations with the product cannot share the free minutes across all lines unless all locations are loaded in a single account. Additional minutes used will carry a separate charge per minute as set forth in Section 4 of this Price List.

As part of the base package, one toll free number is included. Additional toll free numbers are available and carry an additional charge.

If, at any time, a Business Reach Customer cancels local service with the Company, the Business Reach LD product will not be converted to a stand-alone Long Distance product and therefore must be cancelled as well.

Customers who enter into a term agreement may incur a Disconnect Charge, as described in Section 2, for early termination of an Initial Term or Renewal Term

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.18 VOLUME PLUS LD Switched Long Distance

VOLUME PLUS LD Switched Long Distance is a direct dialed outbound and inbound long distance service designed for business Customers located in AT&T's ILEC territory in Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee whose monthly billed intrastate outbound and inbound usage is less than 60% of the Customer's total outbound and inbound long distance usage. This product will be offered to new Customers or current Customers who are adding stand-alone long distance locations to their existing service or replacing their existing long distance product with this product and meet the eligibility requirement described in this section of the price guide. VOLUME PLUS LD Switched Long Distance is available to Customers on facility-based lines with local service provided by the Company or who have selected AT&T as their local service provider.

In the event Customer's intrastate outbound and inbound long distance usage rises above 60% of the total outbound and inbound long distance usage during a monthly billing cycle, the Company reserves the right to offer the Customer an alternate long distance product or terminate service. If the Customer chooses to transfer service to an alternate long distance product, all terms, conditions and rates for the alternate product will apply.

Customers will be required to maintain a volume level commitment of \$7,500 during each billing period to qualify for VOLUME PLUS LD Switched Long Distance. The volume level commitment is based on total usage charges during a monthly billing period. Eligible usage includes the Customer's outbound, inbound, international, calling card and directory assistance charges originating or terminating to telephone numbers utilizing AT&T or the Company as the local service provider and established on the VOLUME PLUS LD Switched Long Distance option. No other charges, including taxes, will be eligible in attaining the volume level commitment. If the total monthly usage does not meet the minimum volume commitment level, the Customer will be billed an amount that will meet the minimum volume commitment level. The amount will appear as a separate line item on the Customer's bill and will be identified as "Volume Level Shortfall Amount." Taxes apply to the Volume Level Shortfall Amount. The Customer will not be assessed the minimum Volume Level Commitment on their first partial invoice. Customers with multiple locations and/or multiple accounts in a group account will be evaluated on an individual account basis.

Subscription to VOLUME PLUS LD Switched Long Distance does not require a term plan. However, Customers who sign a term agreement may incur a Discontinuance Charge, as described in Section 2, for early termination of an Initial Term or Renewal Term, except that, in place of the Annual Usage Commitment Level in the Discontinuance Charge calculation, Customers will be billed an amount equal to the monthly volume level commitment amount multiplied by the number of months remaining in the term, on a per-location basis. The Discontinuance Charge applies at the time of cancellation regardless of amounts paid in excess of previous months' volume level commitment.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.18 VOLUME PLUS LD Switched Long Distance (Cont'd.)

In addition, the Company may seek repayment of all monthly and non-recurring fees waived through the date of cancellation. In the event the Customer is unable to continue to meet the percentage usage requirements for this product and service is terminated by the Company, no discontinuance charges will be assessed. If the Customer chooses to transfer service to an alternate product and service is subsequently terminated prior to the end of the term agreement, Discontinuance Charges will under the new product.

Customers must maintain an average call length of two (2) minutes across all of their inbound and outbound long distance usage in a single billing period. Should the Customer fail to meet the two (2) minute minimum call length average, a short duration call fee of \$0.01 per minute will be assessed. The short duration call fee will be assessed as a separate line item on the bill as the total minutes for that billing period multiplied by \$0.01.

Calls are billed in six (6) second increments following an initial billing period of six (6) seconds. Interstate and international service is offered in conjunction with intrastate service. The applicable rates per minute, as set forth in the Rates Section of this price guide, do not apply to International, Directory Assistance, and Operator Services minutes. These calls carry a separate rate. Directory Assistance and Operator Service rates are described in the Rates Section of this price guide. International rates are described in the Company's International Price Guide.

SECTION 3 – DESCRIPTION OF SERVICE (CONT'D.)

3.19 VOLUME PLUS LD Dedicated Long Distance

VOLUME PLUS LD Dedicated Long Distance is a direct dialed outbound and inbound long distance service designed for business Customers whose monthly billed intrastate outbound and inbound usage is less than 60% of the Customer's total outbound and inbound long distance usage. This product will be offered to new Customers or current Customers who are adding stand alone long distance locations to their existing service or replacing their existing long distance product with this product in areas where the Company can deliver dedicated T-1 loops and meet the eligibility requirements as described in this section of the tariff.

PRI access is also available as an option to Customers subscribing to VOLUME PLUS LD Dedicated Long Distance. Each PRI has 23 "B" channels, and 1 "D" channel. PRI access will be provided to the Customer at the applicable rates set forth in the Rates section of this tariff.

A minimum one-year term agreement is required for this service. In the event the Customer's intrastate outbound and inbound long distance usage rises above 60% of total outbound and inbound long distance usage during a monthly billing cycle, the Company reserves the right to offer the Customer an alternate long distance product or terminate service. If the Customer chooses to transfer service to an alternate long distance product, all terms, conditions and rates for the alternate product will apply.

3.19 VOLUME PLUS LD Dedicated Long Distance (Cont'd.)

Non-recurring installation fees will be billed on a one-year term and may be waived with term agreements of a longer duration. No additional discounts are applicable for this product. The Customer will be responsible for the costs of the dedicated access loop necessary to provide VOLUME PLUS LD Dedicated Long Distance.

Customers will be required to maintain a volume level commitment of \$7,500 during each billing period to qualify for VOLUME PLUS LD Dedicated Long Distance. The volume level commitment is based on total usage charges during a monthly billing period. Eligible usage includes Customer's outbound, inbound, international, calling card and directory assistance charges originating or terminating to telephone numbers established on the dedicated T-1 and subscribed to Volume Plus LD in the Rates Section of this price guide. No other charges, including taxes, will be eligible in attaining the commitment. If the total monthly usage does not meet the minimum volume commitment level, the Customer will be billed an amount that will meet the minimum volume commitment level. The amount will appear as a separate line item on the Customer's bill and will be identified as "Volume Level Shortfall Amount." Taxes apply to the Volume Level Shortfall Amount. Customers with multiple locations and/or multiple accounts in a group account will be evaluated on an individual account basis.

Discontinuance provisions may apply as set forth in Section 2, except that, in place of the Annual Usage Commitment Level in the Discontinuance Charge calculation, Customers will be charged an amount equal to the monthly volume level commitment amount multiplied by the number of months remaining in the term, on a per-location basis. The Discontinuance Charge applies at the time of cancellation regardless of amounts paid in excess of previous months' volume level commitment.

SECTION 5 – GRANDFATHERED SERVICES

5.1 Message Detail

Customers utilizing various services of the Company are provided a monthly bill, or statement which omits detail and provides total charges only. Upon request and when available, these Customers will be provided message detail on their billing which includes an itemization specifying each individual call, date of call, duration of call, charge for call and the city called for a recurring monthly charge of \$6.00 for each account of that Customer for which message detail is requested.

Upon request and when available, the Customer will be provided a magnetic tape, containing such message detail as is indicated above, for a recurring monthly charge of \$45.00 per Customer without regard to the number of accounts of that Customer.

5.2 Travel Call

Travel Call service offers access to the Company's switching facility through the usage of a toll free number. Travel Call Customers receive a personalized, plastic card describing the toll free access number, an Authorization Code, and dialing instructions in accessing the Company's switching facility. A surcharge is levied on Travel Call, on a per call basis. There is no charge for unanswered calls. The associated service's per minute of usage charge for Customers subscribing "only" to Travel Call shall be the Company's Equal Access rates as described elsewhere in this Price List. Customers subscribing to other Company services, as described throughout this Price List, shall be billed at the Customer's most favorable subscribed minute of use rate. The per minute of use charge, when dependent upon an applicable mileage band, (equal access office) shall be billed from the actual originating exchange to the terminating exchange. Calls originating from non-conforming equal access exchanges are rated to the terminating exchange from the Customer's home exchange, instead of the actual point of origination.

5.2.1 Rates

SECTION 5 – GRANDFATHERED SERVICES (CONT'D.)

5.3 Pinnacle

All Pinnacle calls are rated based on flat rates and duration of the call. Calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call. Pinnacle is offered as two separate classes of service. These classes of service are: (1) Pinnacle Switched and 2) Pinnacle for Associations. Pinnacle is divided into the following traffic types: (A) Outbound, (B) Inbound, (C) Calling Card, and (D) International. A minimum 1 year term is required.

Pinnacle Switched Customers may choose to enter into a 1, 2, or 3 year term and discounts available to the Customer for the term periods listed are 5%, 7%, and 10%, respectively, of their total monthly usage.

Pinnacle for Associations is a discounted long distance business service for Customers belonging to a common professional or trade association. A current Company Association Customer may convert their current service to Pinnacle for Associations only if one of the following conditions applies:

- If the Customer chooses to convert their service within the initial ninety (90) days of their current term, and agrees to sign a new term agreement, equal to, or of greater length than, their present term agreement;
- If the Customer's present term is within six (6) months of expiration;
- If the Customer is adding multiple locations and/or new products that will result in an increase in the existing account by 50% or more, and the Customer enters into a new term of equal or greater length than their present term.

Pinnacle for Associations Customers may choose to enter into a 1, 2 or 3 year term and discounts available to the Customer for the term periods listed are 5%, 7%, and 7%, respectively, of their total monthly usage.

Customers who enter into a term agreement must meet an "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels their service before the end of the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

The "Discontinuance Charge" is in addition to usage charges, installation charges and any incentives received during the term. Monthly recurring charges apply for each toll free number and installation charges apply for dedicated access services. A surcharge applies per call billed to a calling card. Data circuits require a minimum 1 year term agreement.

5.5 Aspect Option D for Associations

Aspect Option D for Associations is a discounted long distance service for Customers belonging to a common professional or trade association.

All Aspect Option D for Associations calls are rated based on flat rates and duration of the call. Calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call. Service rates are the same for inbound and outbound calls, but may be different for switched or dedicated access. Term discounts are available to Customers who choose to enter into a term agreement for a period of 1, 2 or 3 years. Discounts available to the Customer for the term periods listed are 5%, 7%, or 7% respectively, of their total monthly usage. The term begins when the Customer's first usage occurs, rather than on the "signed" date of the term agreement.

There is no minimum usage requirement for Customers who do not enter into a term agreement. Customers who enter into a term agreement must meet an "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels their service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

Monthly recurring charges apply for each toll free number. A surcharge applies per call billed to a calling card.

If an existing Patron Customer has more than \$1500.00 of switched long distance usage, the Customer's service will convert to Unison Plus. Should this occur, all Unison Plus terms and conditions will apply.

Customers who enter into a term agreement must meet a "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, due to customer service, sales support or network quality, the Customer will be responsible for usage to date of effective cancellation.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

Monthly recurring charges apply for each toll free number and dedicated access services. Data circuits require a minimum 1 year term agreement. A surcharge applies per call billed to a calling card.

5.17 Delta Competition WATS a/k/a Custom Design Direct WATS

This is a dedicated access telecommunications service that enables the subscriber to call, from any of Delta's Points of Presence (POP), stations of any domestic telephone system. The service is subject to a monthly recurring charge and a transport charge. Usage charges are based on accumulated minutes of use, time-of-day/day- of-week basis and whether the call originates and terminates within or outside the states of Alabama, Florida, Georgia, Tennessee and Mississippi (Delta Band). Transport charges are levied, when transport is provided by Delta, from the subscriber's premises to Delta's nearest POP. Delta's subscribers will be billed the identical amount charged Delta by the transport facility provider. Calls are timed in 1/10th minute increments. A discount plan applies to usage over a specified combined Inter/Intrastate amount.

Subscribers utilizing this service are provided a monthly billing statement which only indicates total charges. Message Detail including an itemization specifying each individual call, date of call, duration of call, charge for call and city called are omitted. Subscribers wishing to obtain Message Detail, on either a billing statement format or a magnetic tape format, may do so at an additional monthly charge. All minutes of use are timed in 1/10th minute increments.

5.25 Service Term Agreement

The Company's Service Term Agreement provides discounts to all Destiny classes of service described within this Price List. Discounts for the Company's Service Term Agreement has two basic "Discount Categories": (1) Switched and (2) Dedicated. To receive the discounts offered in the service term agreement, the Customer must agree to meet a specific "Average Monthly Usage" for at least one corresponding "Discount Category," and to a term of 1, 2 or 3 years. For agreeing to use Destiny Classic for a particular length of time, the Customer will receive discounts of 8%, 14%, or 17% off the total amount of usage, excluding directory assistance, for each month during the term. To qualify for a discount, the Customer must meet the "Average Monthly Usage," which is established during the first six months of the term agreement. The Customer's "Average Monthly Usage," which must be maintained throughout the remainder of the service term, is determined by adding each month's usage and dividing by six.

If the Customer's usage declines during any month, by 50% or more of the average monthly usage within the first six months of the term, the Customer will not receive a discount on the services for that month, and the Company may terminate the agreement. Should the Company terminate the agreement as described above, the Customer shall be responsible for immediate payment of a "Discontinuance Charge". The Customer will also be responsible for the "Discontinuance Charge" if the Customer's service is terminated for non-payment. The Customer may discontinue service without incurring a charge for early discontinuance by giving written notice to the Company at any time before the end of the sixth month of the term. The "Discontinuance Charge" is equal to the total of all waived installation charges, term discounts, and any incentives received during the term. All Customer notices of discontinuance must be delivered to the Company in accordance with the notice requirements in Section 2.

The following "Discount Categories" and corresponding "Discounts," and "Term" lengths are applicable to the Company's Service Term Agreement:

Discount Categories	Switched or Dedicated	Switched or Dedicated	Switched or Dedicated
Terms	1 Year	2 Years	3 Years
Discounts	8%	14%	17%

5.26 Destiny Classic

Destiny is offered as four separate classes of service. These classes of service are (1) Destiny Classic

Switched, (2) Destiny Classic Dedicated, (3) Destiny Classic Switched-Association and (4) Destiny Classic Dedicated-Association. Destiny Classic Switched and Destiny Classic Switched-Association are switched access services; and Destiny Classic Dedicated and Destiny Classic Dedicated-Association are dedicated access services. Unlike other Destiny services, to subscribe to Destiny Classic Switched-Association and Destiny Classic Dedicated-Association the subscribers must belong to a recognized professional or trade association. Calls over all Destiny's classes of service are divided into the following traffic types:

1. Outbound Toll - All long distance calls which originate from either the subscriber's switched or dedicated access lines, and are subsequently terminated to points within the continental U.S.
2. Inbound Toll Free - All toll free calls which terminate to the subscriber's switched or dedicated access lines.
3. Card - All calls where the subscriber uses a personalized, plastic card describing a toll free access number, an Authorization Code, and dialing instructions in accessing the Company's switching facility; and whereby the dialed call is subsequently terminated to a point within the continental U.S. A surcharge applies per call billed to a calling card.

Usage charges are based on class of service and accumulated minutes of use by traffic type as described in the preceding 1, 2 and 3. All Destiny calls are rated based on flat rates and duration of call. There is no charge for unanswered calls. Timing for all Destiny traffic types is in six (6) second increments after the initial eighteen (18) seconds of each call. Volume Discounts apply; and term discounts apply when elected by the subscriber.

Volume Discounts are applicable to each traffic type when combined dollar volumes for Destiny Classic Switched and Destiny Classic Dedicated services or Destiny Classic Switched-Association and Destiny Classic Dedicated-Association services described herein, equal a Volume Discount Level as described in Section 4 of this Price List. In no event, however, shall dollar volumes for traffic types of Destiny Classic Switched-Association and Destiny Classic Dedicated-Association be combined with Destiny Classic Switched and Destiny Classic Dedicated traffic types to determine volume or term discounts.

Customers who enter into a term agreement must meet a "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

SECTION 5 – GRANDFATHERED SERVICES (CONT'D.)

5.27 Destiny Classic with Off-Peak

Destiny Classic with Off-Peak is rated on the basis of accumulated minutes of use by traffic type, duration of the call and on a time-of-day basis. There is no charge for unanswered calls. Timing is in 6 second increments, after the initial 18 seconds of each call. The Customer may choose to enter into a 12, 24, or 36 month term agreement and discounts available to the Customer for the term periods listed are 8%, 14%, and 17%, respectively, of their total monthly usage. Volume Discounts apply.

Customers who enter into a term agreement must meet a “Annual Usage Commitment” as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, due to customer service, sales support or network quality, the Customer will be responsible for usage to date of effective cancellation.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

Monthly recurring charges apply for each toll free number and dedicated access services. Data circuits require a minimum 1 year term agreement. A surcharge applies per call billed to a calling card.

5.28 Personal 800

Personal 800 is an inbound, residential, toll free service offering that enables the subscriber to receive calls from any domestic telephone system over the subscriber's local exchange service line. The charges for such calls are billed to the terminating subscriber, rather than to the originating party. Usage charges are based on accumulated minutes of use. Calls are rated based on a flat rate and duration. Calls are timed in full minute increments, after the initial minute. A volume discount plan applies to usage over a specified, combined inter/intrastate amount. Monthly recurring charges apply.

5.30 Delta-Net

Delta-Net is a customized, virtual, telecommunications, network service which is designed for multi-location companies. Delta-Net provides discounted, long distance service between company locations, as well as all long distance calls to the entire continental U.S. Significant, monthly, volume discounts are applied when specific, combined, inter/intra-state usage levels are reached. Calls over Delta-Net may originate and terminate over both switched and dedicated facilities. Calls over Delta-Net are divided into the following traffic types:

1. Off-Net to Off-Net - Calls originating on switched access facilities and terminating on switched access facilities.
2. On-Net to Off-Net (or vice versa) - Calls that originate on dedicated access facilities and terminate on switched access facilities.
3. On-Net to On-Net - Calls that originate on dedicated access facilities and terminate on dedicated access facilities.

Usage charges are based on accumulated minutes of use, the type of call (as described in the preceding 1, 2, and 3), and whether the call terminates within or outside the states of Alabama, Florida, Georgia, Tennessee, and Mississippi. Calls are rated on the basis of duration and time-of-day. Both installation and monthly charges are applicable per the number of company locations. Timing is in 1/10th minute increments, and there is a minimum service term of twelve months.

5.31 Responsible Organization (RespOrg)

The Company shall serve as a RespOrg upon the execution of a RespOrg service agreement between the Company and the Customer. The Company RespOrg will perform the function of RespOrg for all Company Inbound Toll Free Service orders unless the Customer requests another RespOrg. Company RespOrg functions include: (a) search for and reservation of toll free numbers in the SMS/800; (b) creating and maintaining the 800 number customer record in the SMS/800; and (c) provision of a single point of contact for trouble reporting. The liabilities and regulations which govern the Company RespOrg are described in Section 2 of this Price List.

5.31.1 Rates

Where the Company serves as a RespOrg for a non-Company Inbound Toll Free Service Customer, the Company will pass on the tariffed Local Exchange Company charges for SMS/800 Database relative services. In addition, the following Company charges will apply.

5.32 Premier Advantage

All Premier Advantage calls are rated based on flat rates and duration of the call. Calls are timed in 6 second increments after the initial 18 seconds of the call. Volume discounts and term discounts are available. Premier Advantage services are divided into the following traffic types: (A) Outbound, (B) Inbound, (C) Calling Card, and (D) International. A surcharge applies per call billed to a calling card. Total usage for these traffic types contribute to the Customer's total volume discounts. Other classes of service (Destiny and Association services) do not combine with this service toward volume discounts. The Customer may choose to enter into a term agreement for a period of 12, 24, or 36 months. Discounts available to the Customer for the term periods listed are 5%, 7%, and 10%, respectively, of their total monthly usage.

Customers who enter into a term agreement must meet a "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, due to customer service, sales support or network quality, the Customer will be responsible for usage to date of effective cancellation.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

Monthly recurring charges apply for each toll free number and dedicated access services. Data circuits require a minimum twelve (12) month term agreement. A surcharge applies per call billed to a calling card.

Any service with a term agreement option, including Destiny Classic, may be converted to Premier Advantage if the Customer's present term is within six (6) months of expiration and the Customer agrees to sign a new term agreement equal to, or of greater length than, their present term agreement. Other circumstances which will allow a Customer to convert their service to Premier Advantage include:

- Customers under a present term who wish to convert all services and upgrade their equipment to a T1; and
- Customers who are adding multiple locations and/or new products, provided that there is an increase in the existing account by 50% or more, and the Customer signs a new term agreement or equal or greater length than their current term agreement.

SECTION 5 – GRANDFATHERED SERVICES (CONT'D.)

5.33 Premier Advantage for Associations

Premier Advantage for Associations is a discounted long distance business service for Customers belonging to a common professional or trade association. All calls are timed in 6 second increments after the initial 18 seconds of the call. Volume discounts and term discounts are available. Premier Advantage for Associations' services are divided into the following traffic types: (A) Outbound, (B) Inbound, (C) Calling Card, and (D) International. A surcharge applies per call billed to a calling card. Total usage for these traffic types contribute to the member's total volume discounts. Other classes of service do not combine toward volume discounts. This volume discount structure is the same as that of Premier Advantage, although association members receive an additional 5% for switched services and an additional 3% for dedicated services. The Customer may choose to enter into a term agreement for a period of 12 or 24 months and discounts available to the member for the term periods listed above are 5% and 7%, respectively, of their total monthly usage.

Customers who enter into a term agreement must meet a "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, due to customer service, sales support or network quality, the Customer will be responsible for usage to date of effective cancellation.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

Monthly recurring charges apply for each toll free number and dedicated access services. Data circuits require a minimum twelve (12) month term agreement. A surcharge applies per call billed to a calling card.

Any service with a term agreement option, including Destiny Classic, may be converted to Premier Advantage if the member's present term is within six (6) months of expiration.

SECTION 5 – GRANDFATHERED SERVICES (CONT'D.)

5.35 Special Offering

5.35.1 Interstate/Intrastate InterLATA Long Distance Service

"Interstate/Intrastate InterLATA Long Distance Service" is a customized telecommunications network service which is offered only to state government per the award under ITB 97-X-2036192. The service provides Intrastate InterLATA long distance service as well as long distance service to the entire continental U.S. Calls over this service may originate and terminate over both switched and dedicated facilities. Calls over this service are divided into the following traffic types:

1. Off-Net to Off-Net - Calls originating on switched access facilities and terminating on switched access facilities.
2. On-Net to Off-Net (or vice versa) - Calls that originate on dedicated access facilities and terminate on switched access facilities.
3. On-Net to On-Net - Calls that originate on dedicated access facilities and terminate on dedicated access facilities.

Usage charges for both dedicated and switched services are based on accumulated minutes of use and the type of call (as described in the preceding 1, 2, and 3). There are no time of day or day of week distinctions for either dedicated or switched services. There are no monthly recurring or installation charges for switched service.

The monthly recurring and installation charge for dedicated service shall be an amount equal to the flat monthly charge tariffed by the providing Local Exchange Carrier. The exception to the installation charge is that the initial installation charge is waived. Timing for both dedicated and switched calls are in six (6) second increments, after the initial eighteen (18) seconds of each call. The minimum term for this service will be three (3) years, with two (2) optional one (1) year term extensions.

5.35.2 DS-1 Digital Carrier Services

"DS-1 Digital Carrier Services" is a private line service which is offered only to state government per the award under ITB 97-X-2036192. This service provides the subscriber with the capability of interconnecting its various switch points throughout the state of Alabama. Charges for this service are based on mileage bands as described in Section 3.2.21.C2. In addition to the preceding rates as determined by mileage band, the Local Exchange Carrier's tariff local loop charges shall be passed on to the subscriber. The local loop charge to the subscriber shall not exceed the tariff rate of the providing Local Exchange Carrier. The exception to the local loop charge is that the initial installation charge is waived. The minimum term for this service will be three (3) years, with two (2) optional one (1) year term extensions.

- A. Mileage: Will be determined by mileage bands as defined in Section 5.35.3 of this Price List.
- B. Monthly recurring: (*)
- C. Minimum Term: Three Years
- D. Installation Fees (Per Location): (*)

(*) In addition to the preceding 5.35.2 A through D prescribed herein, the subscriber shall be charged a monthly recurring and installation charge for the provisioning of the Local Exchange Carrier dedicated access (local loop) not to exceed the current tariff rate of the providing Local Exchange Carrier. The corresponding installation charge will be waived for the initial network installation.

5.35 Special Offering

5.35.3 Pricing Bands

InterLATA Inter-Office Channel circuits (defined as the link to connect exchange accesses), located within the physical boundaries of the state of Alabama, will be priced based on flat rates, which are determined by mileage band. The mileage will be the actual mileage between central offices. Exchange access (defined as the link from the last serving central office), D-4 (defined as an analog central office termination requested in place of an exchange access) and DACS Port (defined as a digital central office termination requested in place of an exchange access) will be flat rated. Circuits provided within the geographic boundaries of the state but located in an out-of-state LATA will not be banded. Circuits that terminate in locations physically outside the state will not be priced in the above arrangement. These will be based on actual mileage.

The following services will be priced based on flat rates, which are determined by mileage band:

Voice	Data	Network
OPX	Digital Data	DS-1
Tie Trunks	Frame Relay	DS-3
	X.25	

Mileage Bands are defined as:

5.35.4 Other Services

1. Dedicated PVN Access Locations - A Customer location tied directly to the Company's POP via T-1 or tie trunks.
2. Calling Cards - A custom calling card for use by State of Alabama employees to place long distance calls from locations without the State's voice network (ATTNet, Alabama Tandem Telecommunications Network). Calls will have a maximum initial billing interval of not more than eighteen (18) seconds with all additional billable increments being no more than six (6) seconds.
3. Inbound Toll Free Service - Defined as an In-WATS service. The call is free to the calling party and is billed to the party being called. All intrastate inbound toll free calls are based on flat rates per minute of usage. Calls will have a maximum initial billing interval of not more than eighteen (18) seconds with all additional billable increments being no more than six (6) seconds.
4. DS-3 - As categorized here, DS-3 service is 45 Mbps digital point-to-point service. All pricing is inclusive of all local access facilities.

5.41 Quest Option A

Quest Option A is offered as four separate classes of service. These classes of service are (1) Quest Option A Switched, (2) Quest Option A Dedicated, (3) Quest Option A Switched-Association and (4) Quest Option A Dedicated-Association. Quest Option A Switched and Quest Option A Switched-Association are switched access services; Quest Option A Dedicated and Quest Option A Dedicated-Association are dedicated access services. To subscribe to Quest Option A Switched-Association or Quest Option A Dedicated-Association, the subscriber must belong to a recognized professional or trade association. Calls over all of Quest Option A's classes of service are divided into the following traffic types:

1. Outbound Toll - All long distance calls which originate from either the subscriber's switched or dedicated access lines, and are subsequently terminated to points within the continental U.S.
2. Inbound Toll Free - All toll free calls which terminate to the subscriber's switched or dedicated access lines.
3. Card - All calls where the subscriber uses a personalized, plastic card describing a toll free access number, an Authorization Code, and dialing instructions in accessing the Company's switching facility; and whereby the dialed call is subsequently terminated to a point within the continental U.S. A surcharge applies per call billed to a calling card.

Usage charges are based on class of service and accumulated minutes of use by traffic type as described in the preceding 1, 2 and 3. All Quest calls are rated based on flat rates and duration of call. There is no charge for unanswered calls. Timing for all traffic types is in 6 second increments, after the initial 18 seconds of each call. Term Discounts apply when elected by the subscriber. The Customer may choose to enter into a 1, 2, or 3 year term agreement and discounts available to the Customer for the term periods listed are 8%, 14%, and 17%, respectively, of their total monthly usage.

Customers who enter into a term agreement must meet a "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

5.51 HorizonLD for Associations

To subscribe to HorizonLD for Associations, the Customer must belong to a recognized profession or trade association. All calls are timed in six (6) second increments after the initial eighteen (18) seconds of the call. Charges for directory assistance, operator services or recurring monthly feature charges do not contribute to the volume usage level.

Customers who enter into a term agreement must meet a "Annual Usage Commitment" as described in Section 2. The requirement to maintain the "Annual Usage Commitment" applies as long as the Customer maintains service with the Company.

If the Customer has entered into a term agreement and cancels service before the expiration of the term, the Customer will be responsible for a "Discontinuance Charge" as described in Section 2.

Monthly recurring charges apply for each toll free number and dedicated access services. Data circuits require a minimum one (1) year term agreement. A surcharge applies per call billed to a calling card.

5.52 Toll Free PIN-Connect

Toll Free PIN-Connect is a service that enables a user to connect to a pre-determined domestic 10-digit telephone number by dialing a single toll free and four-digit PIN (up to 9,999 PINs) assigned by the user. Each PIN terminates to a specific 10-digit telephone number. The Customer has the ability to activate each of the PINs "real-time" as needed and change a PIN's destination number "real-time." Toll free routing features are not available on this service. Incoming exclusion (blocking) indexes are available on this service.

5.53 T_5000 LD Plan

The T_5000 LD Plan is a long distance service plan available to business Customers in those areas where the Company has facilities. The Plan provides Customers up to 5000 minutes per month of outbound and inbound usage for domestic long distance per qualified local T-1. Customers must be subscribed to one of the following products in order to have a qualified T-1: TPAC, Simpli-T, Simpli-T 3.0, Simpli-T Plus, Simpli-Business T family of services, Simpli-Business PRI, Simpli-Business PRI v.3, IVP, DVP, DUNE, Unity, and Integrated T. This product is available to Customers purchasing new local T-1 products and existing Customers who are re-terming services, within the Company's re-term guidelines.

The long distance rates are based on flat rates and duration of the call as set forth in the Rates Section of this Price List. Calls are billed in six (6) second increments following an initial billing period of eighteen (18) seconds. Intrastate service is offered in conjunction with interstate service. T_5000 LD Plan allows for 5000 minutes per month of outbound and inbound usage for domestic long distance per qualified local T-1. The free 5000 minutes are applied at the account level, which allows for Customers with multiple T-1's or ancillary local lines to share the packaged minutes across the account. Customers who have multiple locations with the product cannot share the 5000 minutes across all lines unless all locations are loaded in a single account. Unused free minutes do not carry-over to the next month. Additional minutes used will carry a separate charge per minute as set forth in Section 4 of this Price List.

Interstate, Intrastate, Inbound, and Outbound domestic minutes qualify for the free minute application. The applicable rates per minute, as set forth in the Rates Section of this Price List, do not apply to Calling Card, International, Directory Assistance, and Operator Services minutes. These calls carry a separate rate per minute.

If at any time, a T_5000 Customer does not have an activated, qualified T-1 product, they will automatically be converted to the per minute rates in excess of 5000 minutes. The rates in excess of 5000 minutes are located in Section 4 of this Price List.

SECTION 6 – MISCELLANEOUS CHARGES AND SURCHARGES

6.1 Taxes

The Customer is responsible for payment of all Services and facilities, including, calls or Service originated at the Customer's number(s), originated by use of calling cards or the Company assigned special billing numbers, and for all installation charges, special charges and surcharges, recurring monthly fees assessed by authorized regulatory agencies or third parties from whom the Company obtains facilities to provide the Services, and all excise, sales, use or similar taxes imposed by any local, state or federal government, including assessments for government-initiated social objectives.

6.1.2 All state and local taxes (i.e., gross receipts tax, sales tax, municipal and county utilities tax) are listed as separate line items, are not included in the quoted rates, and are the responsibility of the Customer. The Customer is also responsible for the payment of any use, excise, access, franchise and license fees or other local, state and federal taxes, charges or surcharges (however designated) excluding taxes on the Company's net income, imposed on or based upon the provision, sale or use of services. Any taxes imposed by a local jurisdiction will only be recovered from those Customers located in the affected jurisdiction. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

6.2 Payphone Surcharge

In order to recover the Company's expenses to comply with the FCC's payphone compensation plan (FCC 97-271) and amended by Report and Order (FCC 04-182), a non-discountable per call charge of \$3.00 is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services.

(I)

6.3 Carrier Cost Recovery Fee

The Company will assess a Carrier Cost Recovery Fee to residential and business Customers in order to recover certain costs associated with access charges, expenses associated with regulatory proceedings and compliance, and billing expense.

A Carrier Cost Recovery Fee of \$0.80 per Automatic Number Identification (ANI) per month will be assessed in full for any portion of a billing period in which a Customer has month service charges on an invoice.
