LOCAL EXCHANGE SERVICES PRICE GUIDE

PRICE GUIDE FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially, however, new pages are occasionally added to the Price Guide. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the LPSC. For example, the 4th Revised Page 14 cancels the 3rd Revised Page 14.
- C. Paragraph Numbering Sequence - There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2.
 - 2.1
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.a.
 - 2.1.1.A.1.a.1.
- D. Check Sheets - When a Price Guide filing is made with the LPSC, an updated check sheet accompanies the Price Guide filing. The check sheet lists the pages contained in the Price Guide, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The Price Guide user should refer to the latest check sheet to find out if a particular page is the most current on file with the Louisiana PSC.

LOCAL EXCHANGE SERVICES PRICE GUIDE

SECTION 1.0 - DEFINITIONS

For the purpose of this Price Guide, the following definitions will apply:

Access Services: The Company's intrastate telephone services offered pursuant to this Price Guide.

Access Service Request ("ASR"): The written request for access services executed by the Customer and the Company in the format devised by the Company. The signing of an ASR by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this Price Guide, but the duration of the service is calculated from the Service Commencement Date. Should a Customer use the Company's access service without an executed ASR, the Company will then request the Customer to submit one.

Account Codes: Permits Centrex Stations and attendants to dial an account code number of up to eight digits. For use when placing calls over facilities arranged for Automatic Message Accounting (AMA) recording. The account or project number must be input prior to dialing the called number.

Advance Payment: Part or all of a payment required before the start of service.

Automatic Number Identification ("ANI"): Allows the automatic transmission of a caller's billing account telephone number to a local exchange company, interexchange carrier or a third party subscriber. The primary purpose of ANI is to allow for billing of toll calls.

SECTION 2.0 - RULES AND REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this Price Guide in connection with one-way and/or two-way information transmission originating from points within the State of Louisiana, and terminating within a local calling area as defined herein.

The Company is responsible under this Price Guide only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

2.1.2 Use of Service

The Service(s) provided by the Company may be used for any lawful purpose consistent with the transmission and switching parameters and rules of the facilities utilized in the provision of the Service. The Customer shall not make use of the Services or underlying network:

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Terms and Conditions

- A. Service is provided on the basis of a minimum period of at least thirty (30) days, 24-hours per day. For the purpose of computing charges in this Price Guide, a month is considered to have thirty (30) days.
- B. Customers may be required to enter into written agreements which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this Price Guide. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- C. Except as otherwise stated in the Price Guide, at the expiration of the initial term specified in each agreement, or in any extension thereof, service shall automatically renew on the same terms and conditions (including, without limitation, the rates) for successive one year terms unless terminated by either party upon 60 days written notice. The notice must be in the form of a letter, facsimile or e-mail. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the written agreement and this Price Guide prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- D. Service may be terminated upon written notice to the Customer if:
 - 1. the Customer is using the service in violation of this Price Guide; or
 - 2. the Customer is using the service in violation of the law.
- E. This Price Guide shall be interpreted and governed by the laws of the State of Louisiana without regard for its choice of laws provision.

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Terms and Conditions (Cont'd.)

- F. Any Other Telephone Company may not interfere with the right of any person or entity to obtain service directly from the Company. No person or entity shall be required to make any payment, incur any penalty, monetary or otherwise, or purchase any services in order to have the right to obtain service directly from the Company.
- G. To the extent that either the Company or any Other Telephone Company exercises control over available cable pairs, conduit, duct space, raceways, or other facilities needed by the other to reach a person or entity, the party exercising such control shall make them available to the other on terms equivalent to those under which the Company makes similar facilities under its control available to its Customers. At the reasonable request of either party, the Company and the Other Telephone Company shall jointly attempt to obtain from the owner of the property access for the other party to serve a person or entity.
- H. The Company hereby reserves its rights to establish service packages specific to a particular Customer. These contracts may or may not be associated with volume and/or term discounts. All service packages established by the Company will be approved by the Commission prior to the furnishing of service.

2.1 Undertaking of the Company (Cont'd.)

2.1.5 Limitations on Liability (Cont'd.)

- E. The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere.
- F. The Company makes no other, and expressly disclaims all, warranties or representations, EXPRESS OR IMPLIED, concerning the service or any content received via the service, either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.

2.1.6 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

2.1.8 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1.9 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this Price Guide, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is construction undertaken:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- B. of a type other than that which the Company would normally utilize in the furnishing of its services;
- C. over a route other than that which the Company would normally utilize in the furnishing of its services;
- D. in a quantity greater than that which the Company would normally construct;
- E. on an expedited basis;
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; or
- H. in advance of its normal construction.

2.2 Prohibited Uses

- 2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and the Louisiana Public Service Commission's regulations, policies, orders, and decisions.
- 2.2.3 The Company may block any signals being transmitted over its Network by Customers which cause interference to the Company or other users. Customer shall be relieved of all obligations to make payments for charges relating to any blocked Service and shall indemnify the Company for any claim, judgment or liability resulting from such blockage.
- 2.2.4 A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company, at its sole discretion, may permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this Price Guide will apply.

2.4 Customer Equipment and Channels

2.4.1 General

A user may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this Price Guide. A user may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this Price Guide.

The Company will deliver the Service(s) to the Customer at the physical address set forth on an order for the Service(s) and terminate such Service(s) at the recognized point of demarcation.

2.4.2 Station Equipment

- A. Terminal equipment on the user's premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the user. The user is responsible for the provision of wiring or cable to connect its terminal equipment to the Company's recognized point of demarcation.
- B. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities and in compliance with any industry standards and/or FCC rules and regulations. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such Customer-provided equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense, subject to prior Customer approval of the equipment expense.

- B. If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.
- C. If harm to the Company's network, personnel or services is imminent, the Company reserves the right to shut down Customer's service immediately, with no prior notice required.

2.5.2 Deposits

- A. To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges in accordance with Louisiana Public Service Commission Rule 515-12-1.05(4). A deposit may be required if the Customer's financial condition is not acceptable to the Company or is not a matter of general knowledge. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. A deposit may be required in addition to an advance payment.
- B. The Company reserves the right to periodically review the Customer's credit worthiness and credit terms. The Company may request an initial deposit or an additional deposit based on the Customer's payment history and credit worthiness.
- C. Upon discontinuance of service, the Company shall promptly and automatically refund the Customer's deposit plus accrued interest, or the balance, if any, in excess of the unpaid bills including any penalties assessed for service furnished by the Company.
- D. Deposits will accrue interest annually at the rate of 5% per annum in accordance with Louisiana Public Service Commission Rule 515-12-1.05(4)(b).
- E. The Company shall annually and automatically refund the deposits of Customers who have paid bills for twelve consecutive months without having had service discontinued for nonpayment or had more than one occasion on which a bill was not paid within the period prescribed and are not then delinquent in payment.

2.7 Allowances for Interruptions in Service

2.7.1 General

- A. A credit allowance will be given when service is interrupted, except as specified in Section 2.7.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this Price Guide.
- B. An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and, if necessary, releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.
- C. If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, or refuses access to its premises for test and repair by the Company, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.
- D. The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

2.7 Allowances for Interruptions in Service (Cont'd.)

2.7.2 Limitations of Allowances

No credit allowance will be made for any interruption in service:

- A. Due to the negligence of or noncompliance with the provisions of this Price Guide by any person or entity other than the Company, including but not limited to the Customer;
- B. Due to the failure of power, equipment, systems, connections or services not provided by the Company;
- C. Due to circumstances or causes beyond the reasonable control of the Company;
- D. During any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;
- E. A service will not be deemed to be interrupted if a Customer continues to voluntarily make use of such service. If the service is interrupted, the Customer can get a service credit, use another means of communications provided by the Company (pursuant to Section 2.7.3), or utilize another service provider;
- F. During any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- G. That occurs or continues due to the Customer's failure to authorize replacement of any element of special construction; or
- H. That was not reported to the Company within five (5) days of the date that service was affected.

2.7.3 Use of Another Means of Communications

2.7.4 Application of Credits for Interruptions in Service

- A. Credit allowance for interruption of service which is not due to the Company's testing or adjusting, negligence of the Customer, or to the failure of channels or equipment provided by the Customer, are subject to the general liability provisions set forth in this Price Guide. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not caused by any action or omission by the Customer within his control, or is not in wiring or equipment, if any, furnished by the Customer and connected to the Company's facilities. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit. The credit shall apply only to monthly recurring charges and does not affect any charges based upon the Customer's actual usage of the Services. The credit will apply against future services only and will not reduce the amount of any outstanding balance.
- B. For calculating credit allowances, every month is considered to have 720 hours.

LOCAL EXCHANGE SERVICES PRICE GUIDE

SECTION 2.0 - RULES AND REGULATIONS (CONT'D.)

2.10 Use of Customer's Service by Others

2.10.1 Resale and Sharing

SECTION 2.10.1 IS AVAILABLE ONLY TO CARRIERS WHICH ARE CERTIFIED BY THE LOUISIANA PUBLIC SERVICE COMMISSION TO PROVIDE INTRASTATE LOCAL EXCHANGE SERVICES.

There are no prohibitions or limitations on the resale of services. Prices for services appear in the price sheet attached to this Price Guide. Any service provided under this Price Guide may be resold to or shared with other persons at the option of Customer, subject to compliance with any applicable laws of the Louisiana Public Service Commission regulations governing such resale or sharing. The Customer remains solely responsible for all use of services ordered by it or billed to its telephone number(s) pursuant to this Price Guide, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

2.10.2 Joint Use Arrangements

Joint use arrangements will be permitted for all services provided under this Price Guide. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate, or discontinue service only from the Customer. Without affecting the Customer's ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.

2.11 Transfers and Assignments

The Company may not transfer or assign the Customer's agreement with the Company, including the Terms and Conditions, or use of any of the Services (including resale and subtending of Internet service) without the written consent of the Company, which such consent shall be at the sole and absolute discretion of the Company. All regulations and conditions contained in this Price Guide shall be binding on the Customer and his/her respective personal and legal representatives, successors and permitted assigns.

The Company may assign its rights and duties to (a) any subsidiary, parent company or affiliate of the Company; (b) pursuant to any sale or transfer of substantially all the assets of the Company; or (c) pursuant to any financing, merger or reorganization of the Company.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D.)

2.12 Notices and Communications

2.12.1 The Customer shall designate a specific person as the contact with authority to conduct business with the Company. The Customer shall notify the Company in writing if the Customer's contact person is changed. The Company reserves the right to reject any Customer requests, cancellations and/or notices received from any person other than the designated Customer contact person.

2.12.2 The Customer shall designate on the written agreement an address to which the Company shall mail or deliver all notices and other communications, except that Customer may also designate a separate address to which the Company's bills for service shall be mailed.

2.12.3 The Company shall designate on the service order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.

2.12.4 Except as otherwise stated in this Price Guide, all notices or other communications required to be given pursuant to this Price Guide will be in writing.

2.12.5 The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

2.13 Restoration of Service

2.13.1 Service suspended by the Company and later restored, will be subject to a reconnection fee as defined in Section 4.3 of this Price Guide. Service disconnected by the Company and later re-installed, will be subject to all applicable installation charges, and the Customer will pay such charges prior to reinstallation of service.

2.13.2 The use and restoration of certain telecommunications services in emergencies shall be in accordance with the priority system specified in Part 64, Subpart D of the Rules and Regulations of the Federal Communications Commission.

| Each Additional Line | \$0.00 | \$0.00 |

4.2 Customer Premise Visit Charge

The Customer Premise Visit Charge is a charge that applies when the Company dispatches personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities. A Customer Premise Visit charge will be billed to the Customer if the Company dispatches personnel pursuant to the Customer's request and it is determined that no trouble exists. The time will be billed in 30-minute increments after a one-hour minimum billing period. The Customer Premise Visit Charge will not apply if the customer is subscribed to one of the Company's applicable maintenance plans.

4.4 Expedited Order Charge

4.4.1 General

When placing an order for service(s), as defined in 4.4.2 below, for which a Standard Interval exists, a Customer may request a Service Commencement Date that is earlier than the Standard Interval Service Date, in which case an Expedite Charge will apply. The Expedite Charge will not apply if the new Service Commencement Date is more than five days from the date of the request to the Company of the expedited order request. The request for an earlier service date may be received from the Customer prior to the issuance of an Service Order, or after the Service Order has been issued but prior to the service date. The Company has the exclusive right to accept or deny the Expedite Order request. However if, upon reviewing availability of equipment and scheduled workload, the Company agrees to provide service on an expedited basis and the Customer accepts the Company's proposal, an Expedite Charge will apply.

In the event the Company provides service on an expedited basis on the Customer's request, and the Customer delays service or is not ready for delivery of service at the time of installation, a Service Date Change Charge will apply in addition to the Expedite Charge.

In the event that the Customer cancels an expedite request, the Expedite Charge will be added to any applicable Cancellation Charge specified herein.

An Expedite Charge will not be applied to orders expedited for Company reasons.

If costs other than additional administrative expenses are to be incurred when the Access Order is expedited, the regulations and charges for Special Construction as set forth in this Price Guide will apply.

5.1.3 Emergency Services Calling Plan

Access (at no additional charge) to the local operator or emergency services bureau by dialing 0- or 9-1-1 is offered at no charge to the Customer.

Message toll telephone calls, to governmental emergency service agencies as set forth in A, following, having primary or principal responsibility with respect to the provision of emergency services to persons and property in the area from which the call is made, meeting the definition and criteria of an emergency call as set forth in B. following are offered at no charge to Customers:

- A. Governmental fire fighting, Louisiana State Highway Patrol, police, and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attended (live) twenty-four (24) hour basis, three hundred sixty-five (365) days a year, including holidays.
- B. An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life, property, or both and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency services agency in order to seek assistance for such an emergency.

5.2 Call Timing for Usage Sensitive Services

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- 5.2.1 Calls are measured in durational increments identified for each service. All calls which are fractions of a measurement increment are rounded-up to the next whole unit.
- 5.2.2 Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s).
- 5.2.3 Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- 5.2.4 Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- 5.2.5 All times refer to local time.
- 5.2.6 Computation of Charges

For the computation of charges, the duration of each call is measured and rounded up to the applicable billing increment, then multiplied by the applicable rate and if the computed charge for any individual call results in a fraction of a cent, the fraction is then rounded up to the next whole cent on a per call basis. For example, a service may provide that each call will be charged a minimum of 18 seconds and thereafter timed in 6-second increments; therefore, under this example, a 10-second call will be rounded up to 18 seconds (0.3 minutes), and a 44-second call will be rounded up to 48 seconds (0.8 minutes). If, after multiplying the billing increment by the applicable rate, the computed charge for an individual call results in a fraction of a cent, the fraction is rounded up to the next whole cent (for example, \$1.523 would round up to \$1.53). Once the charge for each call is computed as described above, the calls are summed on the Customer's invoice.

5.3 Distance Calculations

Where charges for a service are specified based upon distance, the following rules apply:

5.3.1 Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in Local Exchange Routing Guide issued by Telecordia, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the rate center of the Customer's main billing telephone number.

5.3.2 The airline distance between any two rate centers is determined as follows:

Step 1: Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced Telecordia document.

Step 2: Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.

Step 3: Square each difference obtained in step (b) above.

Step 4: Add the square of the "V" difference and the square of the "H" difference obtained in step C) above.

Step 5: Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.

Step 6: Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

5.3.3 The formula for distance calculations is:

$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

5.5 Standard Residence Line

A Standard Residence Line provides the Customer with a single, analog, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Standard Residence Lines are provided for the connection of Customer-provided wiring and single station sets or facsimile machines. An optional per line Hunting feature is available for multi-line Customers which routes a call to an idle station line in a prearranged group when the called station line is busy.

5.6 Standard Business Line

The Standard Business Line provides a Customer with a single, analog, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Standard Business Lines are provided for the connection of Customer-provided wiring and single station sets or facsimile machines. An optional per line Hunting feature is available for multi-line Customers which routes a call to an idle station line in a prearranged group when the called station line is busy.

5.7 PBX Trunk Service

Basic PBX Trunk Service provides a Customer with a single, voice-grade telephonic communications channel which can be used to place or receive one call at a time. Basic Trunks are provided for connection of Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Basic PBX Trunk is provided with touch tone signaling and may be configured into a hunt group at no additional charge with other Company-provided Basic PBX Trunks. The signal is an analog signal at the DS0 level.

Basic Trunks provided via On-Network services may be equipped with Direct Inward Dialing (DID) capability and DID number blocks for additional charges. DID service in an Off-Network arrangement requires special DID capable trunks plus additional DID number blocks.

5.8 Digital Voice Grade DS-1 Trunk Service

Digital Voice Grade DS-1 Trunk Service provides business Customers with PBX or PBX-like equipment or other telephonic equipment with access to switch ports. Customers can purchase this capability for both primary service (listed directory number) and diversity purposes. Customers must have the ability to terminate a DS1 signal. The signal is delivered as a digital signal at the DS1 level. The connection to the Customer's equipment is accomplished using a DS1 for digital connectivity.

5.9 Direct Inward Dialing (DID)Service

Direct Inward Dialing ("DID") permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are routed directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer's location. DID service requires special PBX software and hardware not provided by the Company. Such hardware and software is the responsibility of the Customer.

5.10 Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI)

Integrated Services Digital Network (ISDN) is a set of transmission protocols that provides end-to-end digital connectivity and integration of voice, data and video, on a single Customer loop to support a wide variety of services via the public switched network. The Primary Rate Interface (PRI) consists of a 23B+D configuration with 23 64Kbps Bearer (B) digital channels and 1 64Kbps Data (D) digital channel. The B channels are designed for voice, data, image and sound transmissions. B channels can support synchronous, asynchronous or isochronous services at rates up to 64Kbps. B channels can be aggregated for higher bandwidth applications. The D channel PRI provides the out of band signaling, call control and messaging.

PRI is provided through standard four wire DS-1 (1.544Mbps) point to point, private line facilities that enables Customer control of the 24 individual channels. PRI supports 1+, 0+, 7 digit, and 10 digit Local, IntraLATA and InterLATA services, as well as 01+ and 011+ international calling. PRI allows Customers to direct voice, data and video over the Public Switched Telephone Network. Channels may be pre-subscribed to an IXC carrier of their Customer's choice or used with 10XXX casual dialing. PRI also allows access to Public Switched Network services, such as Two-Way, Incoming Only, Outgoing Only and DID.

Multiple PRI interfaces can be combined to function as one group. Utilizing a Backup D Channel arrangement, Customers are able to link up to 20 DS-1s together, providing a maximum of 479 64Kbps B channels controlled by a single D (signaling) channel.

5.11 Optional Calling Features

The features listed in Section 5.11.1 are offered by the Company to Residential and Business Customers. Service availability may vary between On-Net and Off-Net Customers. Refer to Price Lists in Sections 6 and 7 of this Price Guide for specific features offered with each type of local exchange service.

5.11.1 Feature Descriptions

- A. Enhanced Call Forwarding: Provides end-user control for call forwarding capabilities via dial-accessed voice prompt menus. Customers may forward calls to a primary local or long distance. The end-user may specify a secondary location for routing of go unanswered at the forward-to location or reach a busy signal. This secondary location may be another telephone number, pager or voice messaging service. Other Capabilities included with this feature include:

Speed Forwarding;
Priority Screening;
Ring Control; and
Timed Forwarding.

It is the responsibility of the Customer to subscribe to the telephone number, pager or voice messaging service used as the secondary location.

- B. Enhanced Call Forwarding with Audio Calling Name: Provides all of the functionality of Enhanced Call Forwarding. Also permits the end-user to receive the Directory Name of the party's whose call was forwarded to primary number. In some situations, the end-user may hear the calling party's city and state or telephone number, depending on available call data.
- C. Enhanced Call Forwarding Plus: Provides all of the functionality of Enhanced Call Forwarding. Also includes an additional telephone number with directory listing and distinctive ringing for calls placed to the additional number. Enhanced Call Forwarding Plus allows parties to reach the end-user's location when FCF is active and all calls to the end-users main telephone number would normally forward. Calls to the additional number do not forward even when Enhanced Call Forwarding is active.

5.11 Optional Calling Features (Cont'd.)

5.11.1 Feature Descriptions (Cont'd.)

- M. Call Waiting - Deluxe: Allows the end-user to control the treatment applied to incoming calls while the Customer is off-hook on an existing call. This feature includes the capabilities of Call Waiting Basic plus additional call treatment options. Treatment options offered with Call Waiting Deluxe include:

Answer the waiting call and placing the first party on hold;

Answer the waiting call and disconnecting from the first party;

Direct the waiting caller to hold via a recording

Forward the waiting caller to another location (e.g., voice mailbox or telephone answering service)

Full utilization of Call Waiting Deluxe requires specialized CPE not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE. The end -user must have Caller ID Basic or Deluxe for display of calling party identification information for waiting calls. The end-user must have a Call Forwarding Don't Answer feature active in order to forward a waiting call to another location.

- N. Call Waiting - Deluxe with Conferencing: Provides all of the functionality of Call Waiting Deluxe. Also permits the end-user to conference a waiting call with an existing call (first party) and, if desired, subsequently drop either leg of the conferenced call.

6.8 Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI)*

Integrated Services Digital Network (ISDN) is a set of transmission protocols that provides end-to-end digital connectivity and integration of voice, data and video, on a single Customer loop to support a wide variety of services via the public switched network. The Primary Rate Interface (PRI) consists of a 23B+D configuration with 23 64Kbps Bearer (B) digital channels and 1 64Kbps Data (D) digital channel. The B channels are designed for voice, data, image and sound transmissions. B channels can support synchronous, asynchronous or isochronous services at rates up to 64Kbps. B channels can be aggregated for higher bandwidth applications. The D channel PRI provides the out of band signaling, call control and messaging.

PRI is provided through standard four wire DS-1 (1.544Mbps) point to point, private line facilities that enables Customer control of the 24 individual channels. PRI supports 1+, 0+, 7 digit, and 10 digit Local, IntraLATA and InterLATA services, as well as 01+ and 011+ international calling. PRI allows Customers to direct voice, data and video over the Public Switched Telephone Network. Channels may be pre-subscribed to an IXC carrier of their Customer's choice or used with 10XXX casual dialing. PRI also allows access to Public Switched Network services, such as Two-Way, Incoming Only, Outgoing Only and DID.

Multiple PRI interfaces can be combined to function as one group. Utilizing a Backup D Channel arrangement, Customers are able to link up to 20 DS-1s together, providing a maximum of 479 64Kbps B channels controlled by a single D (signaling) channel.

7.10 Remote Call Forwarding

Remote Call Forwarding is a telecommunications network service that utilizes a telephone number and electronic switching system central office facilities to automatically forward all incoming calls dialed to the Remote Call Forwarding telephone number to the connecting telephone number.

A. Regulations

1. Remote Call Forwarding is offered subject to the availability of suitable facilities.
2. A Remote Call Forwarding arrangement includes the equipment necessary to forward one telephone call to a connecting telephone number.
3. Remote Call Forwarding calls may be connected in Private Branch Exchange (PBX) trunks, Centrex Service **, and individual line service, excluding Pay Telephone Lines. (C)
4. Remote Call Forwarding is provided on the condition that the Customer subscribe to sufficient Remote Call Forwarding arrangements and connecting telephone numbers to adequately handle calls to the Remote Call Forwarding Customer without interfering with or impairing any services offered by the Company. If, in the opinion of the Company, additional Remote Call Forwarding arrangements or connecting telephone numbers are required, the Customer will be responsible for subscribing to such additional Remote Call Forwarding arrangements or terminating telephone numbers. In the event the Customer refuses to subscribe to such additional Remote Call Forwarding arrangements or connecting telephone numbers, such Customer's Remote Call Forwarding service shall be subject to termination.
5. Where additional connecting telephone numbers are requested by the Customer or required by the Company for association with the same Remote Call Forwarding number, such additional connecting telephone numbers must be of the same class and grade of service, and on the same premises, as the first connecting telephone number.
6. Remote Call Forwarding is not represented as suitable for satisfactory transmission of data.

7.10 Remote Call Forwarding (Cont'd.)

A. Regulations (Cont'd.)

7. The Custom Calling Service call forwarding features are available for use with a Remote Call Forwarding connecting telephone number. Calls forwarded under these arrangements are subject to local and long distance message charges. These arrangements contemplate that normal transmission performance quality cannot be guaranteed to all calls forwarded. Rates for Custom Calling Service call forwarding features are as specified in the General Services Tariff.
8. The Company will not provide identification of the originating telephone number to the Remote Call Forwarding Customer.
9. The classification of residence or business service for Remote Call Forwarding arrangements is determined by the class of service of the connecting telephone number.
10. Charges for calls from the originating service to a Remote Call Forwarding telephone number are the responsibility of the originating service, unless such calls are accepted as collect at the connecting telephone number. Charges as specified in Section 7.10(B) following for the forwarding of calls from the Remote Call Forwarding number to the connecting telephone number are the responsibility of the Remote Call Forwarding Customer.
11. For any collect calls placed to the Remote Call Forwarding number, charges as specified in Section 7.10(B) following for calls forwarded to the connecting telephone number apply regardless of whether or not such calls are accepted as collect at the connecting telephone number.
12. Installation charges as defined in Section 4.0 of this Price Guide apply for the installation of this service.

7.11 Customized Code Restrictions (CCR)

A. General Regulations

1. Customized Code Restriction is a service which enables customers to restrict certain types of outgoing calls from being placed over their exchange lines/trunks. This capability is provided only by means of recorded announcement restriction. It is offered with options containing various sets of codes to be restricted and is available to basic exchange customers with Individual Line Residence or Business Service or PBX Trunks, in either flat, message or measured rate services.
2. Customers may subscribe to whichever option meets their needs, but only one option may be provided on a line/trunk or group of lines/trunks.
3. CCR is furnished only from central offices equipped to provide this service and here facilities permit.
4. When CCR is provided from central offices other than the customer's normal serving central office, Foreign Central Office or Foreign Exchange charges, whichever is appropriate, will apply to all lines/trunks equipped with this service.
5. CCR does not provide restriction of non-chargeable calls to Company numbers, such as Customer Service, Public Emergency Service numbers (911), or 1-800 calling.

7.11 Customized Code Restrictions (CCR) (Cont'd.)

A. General Regulations (Cont'd.)

- 6. Subscribing to CCR does not relieve customers of responsibility for calls charged to their numbers.
- 7. Customers who subscribe to CCR options which restrict operator access are required to place Company-provided stickers on each restricted telephone indicating the operator cannot be reached. In addition, it is the responsibility of the customer to notify all users of their service that an operator cannot be reached.
- 8. The Company shall not be liable to any person for damages of any nature or kind arising out of, or resulting from, or in connection with the provision of this service, including without limitation, the inability of station users to access the operator for any purpose, or any other restricted codes.

C. Infinity ECS (Cont'd.)

Calls within the Infinity ECS area will be considered local calls and no call detail will be available for these calls.

The dialing pattern of the customer is not affected by adding the Infinity ECS service. If they currently have to dial 1+10 digits as opposed to 7-digit dialing for certain areas, they will still have to dial 1+10 digits for calls to these areas.

Subscription to this service requires that every line at the specified location have the Infinity ECS service. This service cannot be applied retroactively to the account. Calls placed before provision of the Infinity ECS service will receive the appropriate long distance charges.

8.1 Directory Listings

8.1.1 General

The following rules apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records of the Company.

Only information necessary to identify the Customer is included in these listings. The Company use abbreviations in listings. The Company may reject a residence listing which is judged to be advertising. It may also reject a listing it judges to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the subscriber is legally doing business under that name.

A name may be repeated in the white pages only when only when a different address or telephone number is used.

8.1.2 Composition of Listings

A. Names

The following names may be included in business service listings:

1. The name of subscriber or joint user.
2. The name of each business enterprise which the subscriber or joint user conducts.
3. The name by which the business of a subscriber or joint user is known to the public. Only one such name representing the same general line of business will be accepted.
4. The name of any person associated with the subscriber or joint user in the same business.
5. The name of any person, firm or organization which subscriber or joint user is authorized to represent, or the name of an authorized representative of the subscriber or joint user.
6. Alternative spelling of an individual name or alternative arrangement of a business name, provided the listing in the judgment of the Company, is not for advertising purposes.
The name of a publication issued periodically by the subscriber or joint user.
7. The name of an inactive business organization in a cross-reference listing when authorized by such business or organization.
8. The name of a member of subscriber's domestic establishment when business service is furnished in the subscriber's residence.
9. The name of a corporation which is the parent or a subsidiary of the subscriber.
10. The name of a resident of a hotel, apartment house, boarding house or club which is furnished PBX service, may be included in a residence type listing with the telephone number of the PBX service.
11. The name of the subscriber to a sharing arrangement.

SECTION 8.0 - DIRECTORY ASSISTANCE AND LISTING SERVICES (CONT'D.)

8.1 Directory Listings (Cont'd.)

8.1.2 Composition of Listings (Cont'd.)

B. Designation

The purpose of a business designation is to identify the listed party and not to advertise the business. No designation of the nature of the business is included if this is sufficiently indicated by the name. Where a listed party is engaged in more than one general line of business, one additional business designation may be included in the listing when necessary to identify the listed party. When a listed party has two or more listed telephone numbers or two or more business addresses, designations indicating the branches of the organization may be included where necessary to assist the public in calling.

A designation may include a title to indicate a listed party's official position, but not the name of the firm or corporation with which the individual is connected. Individual names or titles are not shown following the name of a firm or corporation. A term such as "renting agent" may be included in a listing indented under the name of a building, provided the agent maintains a renting office in such a building.

A designation is not ordinarily provided in a residence type listing except for residential service as permitted under the terms of this Price Guide. A professional designation is permitted on residence service in the case of a physician, surgeon, dentist, osteopath, chiropodist, podiatrist, optometrist, chiropractor, physiotherapist, Christian Science practitioner, veterinary surgeon, registered nurse or licensed practical nurse, provided that the same name and designation is also listed on business service of that subscriber or another subscriber in the same or different directory.

The listing of service in the residence of a clergyman may include the designation "parsonage," "rectory," "parish house," or "manse," and any such listing may be indented under a listing in the name of the church. Where residence service is furnished in a church study, the listing may include the designation "study."

Each residence or non-profit listing may, but does not have to, include the house number and street name of the residence where the telephone service is provided. Other information, such as a building name or a locality designation, may be included to help identify the Customer.

D. Telephone Number

Each listing may include only one telephone number, except in an alternate telephone number listing where each number listed is considered a line for rate purposes.

A listing may include only the telephone number of the first line of a PBX system or incoming service group, except that a trunk not included in the incoming service group of a PBX system, or the first trunk of a separate incoming service group of a PBX system may be listed to meet special conditions where a corporation and its subsidiaries use the same PBX system.

8.2 Non-Published Service

8.2.1 General

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

8.2.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

8.2.3 Rates and Charges

There is a monthly charge for each non-published service. This charges does not apply if the Customer has other listed service at the same location; if the Customer lives in a hotel, boarding house or club with listed service; or if the service is installed for a temporary period.

SECTION 11.0 - MISCELLANEOUS SERVICES

11.1 Carrier Presubscription

11.1.1 General

Carrier Presubscription is a procedure whereby a Customer designates to the Company the carrier which the Customer wishes to be the carrier of choice for intraLATA and interLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. Presubscription does not prevent a Customer who has presubscribed to an IntraLATA or InterLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative long distance carrier on a per call basis.

11.1.2 Presubscription Options - Customers may select the same carrier or separate carriers for intraLATA and interLATA long distance. The following options for long distance Presubscription are available:

- Option A: Customer select the Company as the presubscribed carrier for IntraLATA and InterLATA toll calls subject to presubscription.
- Option B: Customer may select the Company as the presubscribed carrier for IntraLATA calls subject to presubscription and some other carrier as the presubscribed carrier for interLATA toll calls subject to presubscription.
- Option C: Customer may select a carrier other than the Company for intraLATA toll calls subject to presubscription and the Company for interLATA toll calls subject to presubscription.
- Option D: Customer may select the carrier other than the Company for both intraLATA and interLATA toll calls subject to presubscription
- Option E: Customer may select two different carriers, neither being the Company for intraLATA and interLATA toll calls. One carrier to be the Customers' primary intraLATA interexchange carrier. The other carrier to be the Customer's primary interLATA interexchange carrier.
- Option F: Customer may select a carrier other than the Company for no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the Customer to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

SECTION 11.0 - MISCELLANEOUS SERVICES (CONT'D.)

11.1 Carrier Presubscription (Cont'd.)

11.1.3 Rules and Regulations

Customers of record will retain their primary interexchange carrier(s) until they request that their dialing arrangements be changed.

Customers of record or new Customers may select either Options A, B, C, D, E or F for intraLATA Presubscription.

Customers may change their selected Option and/or presubscribed toll carrier at any time subject to charges specified in 11.4.5 below:

11.1.4 Presubscription Procedures

A new Customer will be asked to select intraLATA and interLATA toll carriers at the time the Customer places an order to establish local exchange service with the Company. The Company will process the Customer's order for service. All new Customers' initial requests for intraLATA toll service presubscription shall be provided free of charge.

If a new Customer is unable to make selection at the time the new Customer places an order to establish local exchange service, the Company will read a random listing of all available intraLATA and interLATA carriers to aid the Customer in selection. If selection is still not possible, the Company will inform the Customer that he/she will be given 90 calendar days in which to inform the Company of his/her choice for primary toll carrier(s) free of charge. Until the Customer informs the Company of his/her choice of primary toll carrier, the Customer will not have access to long distance services on a presubscribed basis, but rather will be required to dial a carrier access code to route all toll calls to the carrier(s) of choice. Customers who inform the Company of a choice for toll carrier presubscription within the 90 day period will not be assessed a service charge for the initial Customer request.

Customers of record may initiate a intraLATA or interLATA presubscription change at any time, subject to the charges specified in 11.4.5 below. If a Customer of record inquires of the Company of the carriers available for toll presubscription, the Company will read a random listing of all available intraLATA carriers to aid the Customer in selection.
