II. OTHER LOCAL EXCHANGE SERVICE (continued)EXTENDED AREA SERVICE

Extended Area Service (EAS) refers to interexchange calling without toll charges. Sheets 44 and 45 identifies those exchanges and rates where optional EAS is available. Where the customer has more than one access line, and such access lines are billed together on the same account, EAS rates will be applied on all access lines billed to an account. Lines and trunks terminating at the same premise will not be split between separate accounts for EAS charges. Call detail will not be provided for EAS usage.

EAS is available to all customers who subscribe to local exchange service and do not subscribe to either the ELCA Package Plan as provided for on Sheet 14 preceding or to a Local Optional Calling Plan as provided for on Sheet 47 following. Where available, EAS is mandatory for customers subscribing to Coin Line Service, COCOTS, Coin Semi-Public Service and Selective Class of Call Screening (toll restrict). No monthly EAS charge will apply on a Telephone Company initiated toll restricted account.

The EAS exchange listing and associated monthly rates for residential and business service are listed in the Pricing Attachment at the end of this tariff.
